

No Relief Tax Levy In GC Twp. Next Year

**Town Electors Approve
\$35,600 Levy For Town
Fund; \$169,500 Budget**

A tax levy amounting to \$35,600, which is \$104,720 under last year's levy, was approved by town electors Tuesday afternoon during the annual town meeting held in the Granite City relief office. The township tax rate of .13 cents for this year's collection is expected to drop about four cents next year.

The levy cut resulted from an \$85,187 balance in the relief fund at the end of the fiscal year on Feb. 29, and an anticipated income of \$151,492 from this year's collection of 1959 taxes, which Supervisor Edward Gram said also might eliminate the need for a relief levy in 1961.

Gram said last year's levy, which was set in April 1959, was higher than usual because of the anticipated steel strike which never came off. "I talked to Steelworkers officers a short time before the budget and tax levy were presented to the town electors, and at that time they expressed no hope of a peaceful settlement and told me 'buddies would be flying' before an agreement would be reached. It was on that theory that the budget and levy were based. I'm glad we didn't need the money," Gram said.

The annual town meeting was attended by 101 persons, and all but three—two women of the Granite City Civic League and a Press-Record reporter—were township officers or employees. Last year's attendance was 191. The new tax levy of \$35,600 to be collected in 1961, for town fund purposes only, and the anticipated town fund income collected in 1960, of \$151,492, along with \$40,320 to be collected this year on the 1959-60 tax levy. However, the anticipated warrants amounting to \$18,900 must be paid from the new tax money.

The budget, as approved at the public hearing and adopted during the annual town meeting, totals \$169,500, with \$40,320 in tentative \$100 budget placed on public display last month.

In the town fund, the amount appropriated for elections was set at \$1450, up \$1000 from the previous year. The home was eliminated, while the \$1000 set up for convalescent home was increased to \$4000, and \$5000 and the \$300 for relief office utilities was increased \$400 to \$700.

Supervisor Gram explained the county home at Edwardsville recently was changed to a nursing home, and would fall under the budget listing of convalescent home.

For the annual town meeting, Justice of the Peace M. G. Reinhardt was elected to the post. (Continued on Page 23, Col. 1)

Doe Leaps Through 2 Glass Doors At Downtown GC Store

**Madison Track
Removal, Street
Work To Proceed**

A full-grown doe, which caused damage in downtown Granite City about 7 a. m. today, is probably leaving its wounds in solitude after managing to elude numerous pursuers and make its way back toward the river south of the Engineer Depot.

First spotted about 5:30 a. m. by the Owens-Illinois Company division and General Steel Castings Corp. plants, the deer was next seen running in the vicinity of 16th street and Cleveland blvd.

The Granite City police began pursuit, but the fast-moving deer eluded them until about 7 a. m. when it was reported that the deer had crashed through a plate glass door at the J. J. Newberry Co., 1337 Nineteenth street.

While the officers were closing in, the deer wandered about the store and went to the other 19th street doorway. It apparently tried to push the glass door open before making a second leap to smash a second plate glass door. There was considerable blood on the remaining glass door and in the vestibule.

Taxicab drivers at a stand across the street told police the deer ran toward Grand avenue and headed north. A pedestrian, William Hale, reported seeing it stumble and fall at 20th street and Cleveland blvd., and then get up and flee south on Cleveland and into the yard at Pieper Funeral Home.

The city street department worksmen told police they saw it running west along Niedringhaus street and then toward Madison and Venice.

Authorities in Madison and Venice received no reports of a deer, and it is believed the doe made her way to the river.

She was first spotted by St. Elizabeth Hospital nurse, Mrs. Madison, a railroad employee, who was switching cars at the Owens-Illinois plant and was strolling near the south gate of the Commonwealth plant. "I saw it head north and then the sight of it," he told the Press-Record. "She probably was forced out of her roaming area by the high water."

The deer's entry into the business district was along Edison avenue, and it was seen to "leap around the corner" at 19th street shortly before the crash of crashing glass was heard.

Construction of a town hall costing \$26,000 or less was approved by voters at the annual Nameoki town hall meeting Tuesday night.

The present garage or conveyance of it to the town hall contractor also was approved, with a ten-year limit set on completing a lease-purchase financing plan. A junk yard control law was voted.

The electors adopted a \$53,270 tax levy, up \$4200 from a year ago, and a \$53,940 budget for 1960-61, down \$12,001. Excluding an \$18,021 road material budget adopted a year ago, the new budget represents a \$35,920 increase.

Blazing Scrap of Paper Causes \$9000 House Fire

A scrap of burning paper which blew under four 55-gallon oil drums caused explosions and a \$9000 blaze which virtually destroyed the frame home and belongings of Mr. and Mrs. Pay Burcham, on Tuesday morning. No injuries were reported by Granite City firemen, who spent nearly two hours at the scene.

Firemen said the four oil drums, containing about 200 gallons of fuel, were beginning to explode as they arrived on the scene of the one-story four-room frame house.

The alarm was answered at 10:30 a. m. by the downtown fire crew, and almost simultaneously, just 30 minutes later, the crews of the West Granite and North Lake road stations were called to smaller fires in their neighborhoods, which were burning in three station houses.

Burcham, an employee of the A. O. Smith Corp., said a scrap of paper blew from a trash fire in his yard and landed beneath the oil drums used for heating the house. Firemen believed there had been some oil spilled on the tanks and spreading to the two bottled gas tanks, used for cooking.

Firemen said the tanks were at the rear of the house, and the heat from the oil drums caused the safety valves on the bottled gas tanks to "pop off," adding the fuel to the flames.

Burcham, his wife and four children, including an infant girl, escaped injury. They were unable to enter the house, they said. Fire Chief Elijah King set the loss at \$9000, including \$5000 to the home, which was gutted by the flames, and \$4000 to the contents. Burcham told Chief King he had no insurance on the furnishings or clothing.

Firemen said when they were able to enter the house, they discovered that even clothing in closed closets had caught fire and burned. "I doubt if they'll be able to salvage much," Chief King remarked.

A neighbor said the Burchams are making a temporary home with relatives here.

The other two fires were reported at 11:15 a. m. Nameoki station firemen went to the home of Maurice Bramley, 2917 Palmer avenue, where a short circuit in wiring caused a blaze in a gas clothes dryer. Damage was estimated at \$25.

The West Granite firemen went to extinguish a rubbish fire at the rear of the home of Ogle Smith, 2611 Cayuga street. There was no loss.

President of Board
Huber, president of the Federal Huber Furniture Co., is married and has two children. President for five years of the former Nameoki grade school board, he has been president of the city's school board since 1954. He is a member of the board of directors of the city's present major-council government, but he said there would be ample time for the city council to set the election date.

He explained a minimum of 1500 signatures is required, and if all are valid and the county judge gives his instructions, the city council would have up to 120 days in which to set the election date.

Soons an Abandon 1-Hour Parking Meter Proposal

**Master Sewer, Drainage
Contract Unanimously
Approved; Work Starts**

Granite City's Off-Street Parking Commission is being asked to submit an alternate proposal to ease parking problems in the business district instead of establishing a one-hour limit on parking meters.

In other action Monday night, the 14 aldermen present voted unanimously to accept the engineering committee's proposal to authorize a preliminary survey work on a \$120,000 federal grant.

The parking meter change was submitted to the council last week by Alderman Samuel Whitmer, chairman of the Downtown Traffic Committee, who said it was recommended by the Off-Street Parking Commission as a result of a survey conducted by City Engineer David J. Johnston.

During Monday night's meeting, Mayor Davis said an alternate proposal had been requested by downtown merchants, and he suggested the council not take any further steps in its action of last week to authorize an amendment to the parking meter law.

"Let's hold this in abeyance, since the merchants request the commission use a different approach to solve the parking problem," Mayor Davis said.

Change Would Cost \$1000
Alderman Charles Meyer, chairman of the same Traffic Committee, said the change-over from two-hour to one-hour parking would cost the city approximately \$1000. "The parking meter committee doesn't think we should spend that amount of money for such a minor change," he said.

Changes to the meter law would include new coin box doors for the meters, such as the \$1000 and \$3750 for new one-hour clocks to replace the present two-hour clocks. The committee would have to be increased, since the "core" meter would not include the cost of labor, it was pointed out. The meter doors are embossed with the hours of operation and changes, such as 12 minutes for a penny.

The "core" meter is the triangle mounted by 19th street, State street and Niedringhaus avenue. It is the engineer's contention that a shorter time limit would increase the number of motorists served by the meters. However, some merchants are of the opinion an hour's time limit is not sufficient for most shoppers.

Sewer Work Underway
On Monday, the city will make the contract, such as to include a clause that all field notes made during the engineering work will belong to the city. The preliminary survey cost is not to exceed the \$120,000 grant, and the city has agreed to contribute \$90,000, provided the number of changes which may be made in the original agreement is slight. Sheppard, Morgan & Schwaab staff members already have begun some of the advance work.

Under the contract, the city will be credited with the preliminary survey cost of \$12,000. (Continued on Page 5, Col. 4)

Area Birthrate Shows Increase
The Quad-City area's birthrate is the highest since 1958, according to the quarterly figures released today showing 339 births in the first three months.

City Clerk A. L. Stevens of Granite City, who compiles vital statistics for the entire area, said the birthrate in the Quad-City area has been on the rise for over a year ended last month with 119 births, the highest number since November, when 125 new babies were recorded.

This year's 339 births shows a slight increase over the 334 recorded in the first quarter of 1959. The area's birthrate in the same period of 1958 was 371. The quarterly vital statistics show 115 births, 36 deaths and three stillbirths; February, 104, 41 and 2, and March 119, 30 and 2.

Area vital statistics for the first three months are:
January, 115 births, 36 deaths and three stillbirths; February, 104, 41 and 2, and March 119, 30 and 2.

Woman Saves Grandchild From Burning Home

**Firemen Saved Child From
Flames**

Crawling through her smoke-filled home at 3 a. m. yesterday, Mrs. Bernice Woolfolk rescued her two-year-old grandson, who was sleeping in a baby bed room and she had been hanging up clothing in the basement when the four-room frame building at 1034 Douglas street, Venice, caught fire.

Mrs. Woolfolk heard the cracking of the flames above the noise of her washing machine and ran up the basement steps to find the dining room and kitchen in flames. Crawling to the bedroom, she took the child from a baby bed and carried him to the basement after finding all exterior doors blocked by the fire.

The child, Melvin Woolfolk, sustained slight cuts in being lifted through a basement window, firemen were informed. His grandmother then climbed out. Firemen estimated the damage at \$2200, including \$1000 to the house and \$1200 to its contents. Several possible origins of the fire were being studied.

Mrs. Woolfolk collapsed after the fire and was administered first aid by firemen before being taken by ambulance to St. Elizabeth hospital after treatment.

She was released from the hospital after treatment.

Undergo Surgery
The following are recovering at St. Elizabeth Hospital from surgery which they underwent this week: Stella Konich, 852 Alton avenue; Sonya Niemeyer, 1709 Spring avenue; Irene Cockrum, Rural Route One; Vernest Von Leida, 2112 Legume; Joseph Novosel, 1836 Edwards street, Madison; Arthur Teller, 1818 North 1st street; Joseph Grifey, 2604 East 25th street; Maynard Williams, 1937 Benton street; and Alex Malinski, 2153 Robert street.

State's Attorney One of Four County Primary Contests

The Democratic primary contest for state's attorney will highlight next Tuesday's primary election in Madison county. Balloting will take place from 6 a. m. to 6 p. m. at 42 Quad-City polling places.

Democratic nominations are State's Attorney Dick H. Mudge Jr. of Edwardsville and Anthony W. Daly of Alton. Edward D. Groshong of East Alton is unopposed for the Republican nomination. The primary winners will meet in November.

Clerk Simon Kellerman Jr. of Edwardsville, and Dr. W. W. Billings of Alton, coroner. Willard V. Portell of Granite City is seeking the Democratic circuit clerk nomination and Ben F. Staten of Alton is running for coroner.

Republican primary contest is for state's attorney. Pairs John Jay Dick of Alton and Clarence M. Armstrong of East Alton for recorder of deeds. Two other Democratic incumbents, County Auditor John L. Kraynak of Madison and Recorder of Deeds James F. Chap-

man of Collinsville, are unopposed. Unopposed candidates for Republican nominations besides Groshong are Robert T. Byrne of Granite City for circuit clerk, C. Travis Streper of Alton for coroner and Lester J. Ogle of Alton for auditor.

Four candidates are seeking three Democratic representative committeeman posts. They are Joseph Wasker of Alton, Sam Paul Drenovac of Mitchell, Harry E. Hartman of Venice and Robert T. McCormick of Granite City.

Unopposed Republican candidates are Maurice U. "Doc" Danner and Arthur Habelkost, both of Granite City, and Ray W. Herbst of Collinsville. Cong. Melvin Price (D) is unopposed in April, and no candidates filed for the Republican nomination.

Five Representative Candidates Three candidates are seeking two Democratic nominations for state representative. They are the two incumbents, Rep. Lloyd "Curly" Harris of Granite City and Rep. Paul Simon of Troy, and James E. Walker of Granite City. The two seeking two Republican nominations are Rep. Ralph T. Smith of Alton and Robert E. Wharton of Wood River. Three will be elected in November.

The long list of candidates for five Democratic nominations for the East Side Levee and Sanitary District board consists of Thomas P. "Skip" Hennessy and

Michael "Matt" Szwedczyk of East St. Louis, Thomas McGee of Venice, John "Jack" Kerins of Washington Park, Monroe L. Finn of Centerville township, Dan E. Connelley, Lawrence T. Tolar, George Duff and John E. Molla, all of East St. Louis, Ernest Ell of Granite City and James Sweeney of East St. Louis.

Those unopposed for five Republican levee and sanitary district positions are Robert O. Baldrige, Lendell Phelps, William F. Nichols and Elmo Bush, all of East St. Louis, and Walter J. Emde of Granite City.

Delegate Contests Each party will select two delegates for the national nominating conventions. Democratic candidates are Michael J. Haas of Belleville, Eugene Fulton of East St. Louis, Schaefer O'Neill of Alton, Maurice F. Joseph of New Athens and George J. Moran of Granite City. Republican candidates are Dr. E. L. Rauth of Belleville, Wetzel G. Harness of East St. Louis and Herbert R. Weder of Highland.

Two Democratic and two Republican alternate delegates also will be elected. Democratic candidates are Doris E. Cochran of East St. Louis, Frank M. Summers of East St. Louis and Robert E. Glazebrook of Godfrey. Republican candidates are Robert D. Kelec of Belleville, Mrs. Phyllis Stewart Schady of Godfrey and Henry Plaz of East St. Louis.

Vice-President Richard M. Nixon of California heads the

Republican ballot as candidate for the presidential nomination, and there are no candidates on the Democratic ticket for president.

State Tickets Candidates for state offices are as follows:

Republican—William G. Stratton of Morris, incumbent, and Hayes Robertson, Flossmoor, for U. S. senator; John W. Lewis Jr., Marshall, William Renschler, Lake Forest, Samuel W. Witwer, Riverside, John A. Ricker, Glenview, Warren Wright, Park Ridge, and John E. Harrell, Louisvill, for lieutenant governor; John W. Chapman, Springfield, incumbent, and Wetzel G. Harness, East St. Louis, for secretary of state; Charles F. Carpenter, East Moline, incumbent; for attorney general, Grenville Beardsley, Chicago, incumbent; and for state auditor, Elbert Smith, Decatur, incumbent.

Democratic—for governor, Otto Kern, Glenview, and Joseph Lohman and Stephen A. Mitchell, both of Chicago; for U. S. senator, Paul H. Douglas, Chicago; incumbent; for lieutenant governor, Samuel H. Shapiro, Kankakee, John L. Wellington, Belleville, and Robert W. McGraw, Rockford; for secretary of state, James R. McLaughlin, Mount Vernon; for attorney general, William G. Clark, Chicago; and for state auditor, Michael Howlett, Chicago.

Each party will choose a committeeman in each precinct. Voters will receive a separate

ballot on the non-partisan county board of school trustees election. Willard G. Flagg and John R. Walker are unopposed for two trustee positions.

Re-Elect Officers of Social Plan Council

Arthur Roseman, local painting contractor, was unanimously re-elected president of the Social Planning Council of the Tri-Cities Area United Fund at a meeting held Tuesday afternoon in the YMCA.

Other officers for the ensuing year, also re-elected, were Val Cux, vice-president, and Mrs. Ruth Mitchell, secretary.

Purchase of \$10,000 worth of physiotherapy equipment for a new department in the annex to St. Elizabeth Hospital was authorized to be made now to avoid an increase in price that might occur before the units can be installed. Sister Francis said there is room to store the equipment until the department is ready.

The Health Services Account of the United Fund, which is under the jurisdiction of the Social Planning Council, has a current balance of \$38,151, including \$7,761 that is still due it from the United Fund. It was reported.

Several health welfare cases were discussed and commitments were approved, and John Roseman, new United Fund secretary, was introduced.

ballot on the non-partisan county board of school trustees election. Willard G. Flagg and John R. Walker are unopposed for two trustee positions.

School Elections

(Continued from Page 1)

as follows: Precinct One, Venice high school, Seventh street and Broadway, for the city area east of Main street and all of Main street; Precinct Two, Melvin Dennis building, 102 Slough road, Kerr Island, for the city area west of Main street; and Precinct Three, David Curtis residence, 36 Harrison street, Williams Addition, for the area of the school district outside Venice city limits.

Voting in the Madison district will take place at Blair grade school, College and Merceda streets, for the area west of the railroad tracks near State street, and at Harris grade school, Seventh street and Alton avenue, for the area east of the railroad tracks.

GO Polling Places
Granite City school district polls will be located at 14 grade schools and at a Madison precinct for residents of the district living on the northern fringe of the city of Madison. In general, persons will vote where their children attend or would attend grade school.

The polling places will be as follows:
Precinct One, 1306 Madison avenue, Madison; Two, East 23rd street school, 3201 East 23rd street; Three, Washington school, 2600 West 20th street; Four, near Logan school, 2400 West 25th street; Five, Emerson school, 20th and Benton streets; Six, McKinley school, 25th and Kate streets; Eight, Marshall school, Marshall avenue and railroad tracks; Nine, Niedringhaus school, 29th and State streets; 10, Frohardt school, 2400 Johnson road; 11, Maryville road school, 4631 Maryville road; 12, Wilson school, 2400 Wilson avenue; 13, Nameoki school, 1620 Pontoon road; and 14, Mitchell school, 316 Chain of Rocks road.

Woodrow Lybarger, 55, of 4224 Madison avenue, suffered slight chest injuries when he was driving collided at Sixth street and Madison avenue with an East St. Louis ambulance transporting an elderly Venice woman from St. Elizabeth Hospital to Barnes Hospital, St. Louis, at 4:25 p.m. Wednesday.

Lybarger was traveling west on Sixth and the ambulance driven by Willie Miles, 31, East St. Louis, was going south on Madison.

The patient was transferred to a Madison ambulance which completed the run to the St. Louis hospital.

A bruised forehead was suffered by 24-year-old Rhonda Lee Hartzel, who was thrown against the dashboard of her car Monday when her mother, Mrs. Dorothy Hartzel, 36, of 2801 Frohardt street, was forced to stop suddenly to avoid a collision with an auto being driven in the wrong direction in the 1800 block of State street.

Mrs. Hartzel said her daughter was treated by the family physician. Police said there was no collision. The other driver was Howard Phillips of Springfield, Mo.

\$26,000 Town Hall

(Continued from Page 1)

theories on township law and found that it is preferable to outright construction of a town hall authorized by referendum. While many would build a community center, the law is not in giving authority for a town hall, he explained.

The attorney also advocated lease-purchase rather than a contract for deed, saying the latter course would involve giving temporary title for the land to one contractor.

He ruled that action on the sale of warrants on the new levy. The \$25,288 tax figure is based on the \$25,905 previous levy less \$616 losses and collection costs.

The junk yard ordinance was adopted as previously presented, with the added provision that a six-foot solid board fence must be erected within six months and kept freshly painted. A \$150 yearly license and \$200 bond will be required, with daily fines with the regulations.

Inspection is to be carried by the town officer or member of the board of health (composed of the supervisor, clerk and assessor), with a favorable or unfavorable report submitted to the supervisor within five days.

Fees for the inspection will come from the rabies control and town inspector fund, which is increased from \$500 to \$800 in the new budget.

Report Rubbish, Higher Relief
Those attending took the opportunity to air various reports, complaints and queries. Points discussed included frequent discarding of rubbish, including dead dogs, along roads in the township; violations of sanitation regulations at the edge of Long Lake; tin cans and other debris on embankments of the lake; employment of Briggs' wife and expansion of the office staff; and an increase in the relief fund from 41 cases a year ago to 64 at present.

Richard Smart, who served as moderator, defended the higher relief fund, saying, "It's been a long, hard winter." Supervisor Briggs had more strict standards have been used in qualifying for relief since state aid has been obtained.

Many items in the budget were questioned and explained, and it was noted that the \$18,021 judgment was included in the budget both last year and two years ago. "We didn't get it from the 1958 budget because it was put in the road and bridge fund and it had to be put in the town fund," the supervisor said.

Included in the town fund budget a year ago, the judgment will be paid as soon as there has been a final tax settlement, Vassileff reported.

Limited Audit On Official
Answering a question relating to a former official, Briggs said information was presented to the state's attorney but that a detailed audit was never obtained because it would have cost the township \$4000 to \$5000.

Kenneth Gleason of the Maryville road school PTA asked how sidewalks can be obtained for school children along Maryville road, and Vassileff said he will check the school law. The attorney added that the law does not permit a township to install sidewalks.

Mrs. Dooley asked how street lighting can be secured and was told by Briggs that it is up to each neighborhood rather than the township.

Year To End March 15
On a motion by Briggs, the electors set the 1960-61 fiscal year to end March 15 instead of at the end of March. He said this will allow more time to prepare annual financial reports for submission to the town board and electors.

In setting 1960 tax levies at \$27,465 for the town fund and \$25,805 for general assistance (at \$4200 and the same), the electors listed the same items as in the new budget, except that the levy excluded \$550 for social security in the town fund and \$120 for social security in the general assistance fund.

The tentative budget had been listed last month at \$28,815 for the town fund and \$25,925 for general assistance, but the town fund total was changed to \$28,015 with inclusion of \$1200 for a deputy assessor. This changed the department total for town officer compensation from \$15,555 to \$16,755, the new figure being \$550 over last year.

Matched against proposed spending of \$28,015 in the town fund, estimated 1960-61 receipts of \$28,068 provide an estimated balance of \$783 a year from now.

The \$28,068 consists of a \$237 cash balance, \$17,800 taxes (\$22,800 less a \$5000 tax anticipation warrant) and \$10,000 to be borrowed on the 1960 tax levy. The \$22,800 previous levy figure is based on a \$23,355 levy less \$464 losses and collection costs.

Compared with proposed expenditures of \$25,925 in the general assistance fund, expected income of \$26,638 would leave a \$713 balance next spring.

A breakdown of the \$26,638 receipts shows a \$350 cash balance, \$2208 taxes (\$26,288 less \$16,000 anticipation warrant),

200 Hear Democratic Candidates Speak

Over 200 persons heard Democratic candidates John D. Wellington and Dick Mudge speak at a gathering last night in the YVW Hall sponsored by the Granite City Democratic committee.

Wellington, a candidate for lieutenant governor, spoke in behalf of Joseph Lohman, gubernatorial candidate who could not attend the meeting. Mudge, candidate for state's attorney, pledged continuation of his drive to oust organized crime in Madison county.

Entrance was gained by breaking a 12x17-inch door glass on the northwest side and reaching through to open two latches.

A Madison boy, 15, and Venice boy, 13, admitted to Madison and Venice police this week that they burglarized Ira King's grocery store, 315 Weaver street, April 1 and the Madison Furniture Mart, 405 Madison avenue, March 30 after running away from their homes March 27.

Both said they wanted to be placed elsewhere than their homes. Madison police reported the younger boy was released to the custody of his grandfather on a temporary basis and was placed under supervision of the department's youth officer. The older boy was released to the county probation office.

The chenille bedspread, two pillows and an overcoat taken from the furniture store were recovered. Loot from the grocery consisted of between 50 and 75 pennies.

A set of side curtains and four hubcaps were stolen off a 1954 sports car while it was parked in the 1800 block of Edison avenue, according to a report Monday afternoon to Granite City police by Lynn Garst, 2816 East 25th street.

Burglary At Coal Company Office, Other Thefts

About \$100 in coins and a cash register were taken by a burglar last night at the Madison Coal and Feed Co., 1332 State street, it was discovered at 6:30 a.m. today. The office was ransacked by the burglar.

Entrance was gained by breaking a 12x17-inch door glass on the northwest side and reaching through to open two latches.

inary engineering costs should the project be approved during a special referendum. It is to be designed to serve the city, and expanded sections of the city, for the next 20 years.

Allderman Frank Vesel, chairman of the council's Sewer Committee, said the committee had met with the Sheppard firm representatives and minor changes in wording had been agreed upon after conferences with attorneys for both sides.

"The contract is very efficient and because of the time element, I recommend its immediate adoption," the chairman told the council.

Alderman Estill Von Schmitt, another member of the council's committee, praised the work accomplished by the citizens group and also the diligent accomplishments of the council committee, especially the chairman.

At the close of the discussion Mayor Davis said progress reports would be forthcoming from the engineering firm, and with approval by the council, the preliminary surveys should be completed before the deadline set by the federal agency.

The vote of acceptance was unanimous by the 14 aldermen present. Absent were Aldermen Walter Nonn and Robert Gaughan.

Refreshments were served during the social hour.

Miss Pick Honored For 25 Years Service To Library

The known plays of the Greek tragedians Aeschylus, Sophocles and Euripides, in book form, have been donated to the Granite City public library by the Junior Minerva Club in honor of Miss Hetty Pick, who recently completed 25 years of service on the Granite City Library Board.

Dean of Girls at Granite City high school, Miss Pick was first appointed as a library board trustee in 1935 by Mayor M. E. Kirkpatrick. Formerly an English teacher in the high school, Miss Pick was especially interested in obtaining reference books suitable for high school level studies.

She also served as a committee member for building and grounds upkeep, selection of books and the establishment of a Bookmobile. Miss Pick was instrumental in obtaining reference books suitable for high school level studies.

Arrangements for the presentation were made by Mrs. Al Gitebo and Mrs. Vasil Eftimoff.

Garden Study Club Plans Sale Of Plants

The newly-elected officers of the Garden Study Club were in charge Wednesday at a meeting in the home of Mrs. John Lehman, 2636 Edison street.

The hostess served a dessert luncheon and Easter favors and appointments were used. The table was centered with an arrangement of spring flowers.

Mrs. Abner Branding, president, presided, and a brief memorial service was held for a deceased member, Mrs. Robert Dron.

A plant sale was planned for April 18 at Michel's Grocery and the annual flower show was also discussed. The date will be set later.

Mrs. William Kiehnauer gave the program, a paper on "Lilies of the Field" and the club members responded to roll call with names of their favorite lilies.

Twenty-one were present at the meeting, including two guests, Mrs. Floyd Earls and Mrs. Russell West.

Miss Murgie, Holt Win Diving Club Trophies At YMCA

In the first annual-teen age indoor skin and scuba contest held Wednesday night at the YMCA, championship trophies were captured by Miss Murgie and Craig Holt in the men's division. Miss Murgie won 17½ out of a possible 20, while Holt captured his trophy with 17½ out of a possible 20.

Second-place medals were won by Miss Judy Bertrand, women's division, and Jim Kozar. Miss Bertrand scored 17 out of a possible 20 while Kozar racked up 15 points.

Outstanding performances of the evening were turned in by the champions in the water swim event using mask and fins only. Holt swam a distance of 150 feet under water. Murgie covered 145 feet underwater.

At the conclusion, a soda and hot dog party was held for the contestants and invited guests.

A film on underwater swimming was shown after the trophy presentation. The Knights Diving Club, the teen-age diving group, also presented Miss Pat Mega with a diver's charm bracelet as a token of thanks for her efforts in helping the club.

A regular club meeting is scheduled for Wednesday, April 13, for members, and final examinations for the new class also will be held the same evening.

Warrior Thinclads Lose To Cahokia 77-36, Host East St. Louis Friday

Faced by the performance of Claude Gardner, one of the area's outstanding track men, Cahokia thinclads downed Granite City 77-36 Tuesday on the winner's track.

Warrior Coach Jack Richardson was disappointed by the squad's performance in the 440 and broad jump, both figured to be team strong points this year.

"I suppose it would be only fair to say that Ron Ruppel injured his heel on his first jump, so that hurt us in the broad jump," Richardson said. "He also had to be scratched from his two regular running events."

Dave Wins Three Events
Gardner won three events for Cahokia, the 100 and 220 yard dashes and the broad jump, and led the team to victory in the 180 relay. David Davis paced the Warriors with three victories.

Davis took first in the 100-yard high hurdles (18.5 seconds), 180 low hurdles (21.9) and the high jump (5-5).

"Although he had a wind at his back, his winning time of 21.9 in the low hurdles is very good this early in the season,"

Richardson said. First Home Meet Tomorrow
The coach led his runners through speed work Wednesday and plans to continue it this afternoon in preparation for meeting powerful East St. Louis in the first home meet Friday at 4 p.m.

Speed work is under distance races at a faster than normal pace so that the runners can adjust physiologically to fast running but due to the bad weather we have been handicapped this year," Richardson said.

John Grobowski tied for first in the pole vault at nine feet, six inches.

Winning times and local second and third-place finishers follow: 100, 10.5, Barclay 2nd, Evans 3rd; 220, 22.9, Love 2nd, Barclay 3rd; 440, 58.5, Hacke 3rd; 880, 2:21, Robin 3rd; mile, 5:08, Lapinski 3rd; high hurdles, 18.5, Davis 3rd; 880 relay, 1:41, GCHS 2nd; shot put, 44-10, Barton 3rd; discus, 138-9, Titsworth 2nd; and broad jump, 20-6, Ruppel 3rd.

Flyers Drop 18-1 Bomb On Madison; Trojans Play Roxana This Afternoon

It required two hours and five minutes to play five innings of baseball on the Madison high school diamond yesterday afternoon, and when it was all over the Trojans had absorbed their worst defeat in recent years at the hands of the East St. Louis Flyers, 18-1.

"When it rains, it pours," was all baseball Coach Francis Dant had to say in the Madison dressing room afterwards. "It just seems that everything is going against us. Nobody did anything right," he said. "You have one of those days every so often."

Madison pitchers allowed the visitors nine hits, including a brace of doubles, but nine bases on balls and six Trojan errors put the hosts in hot water.

East St. Louis' parade around the bases began in the first inning, when Trojan hurler Nick Pavlov walked the first three men he faced. John Lambert followed with the first Flyer hit, driving in two runs, and before the inning had ended the visitors had scored six times.

Dant lifted Pavlov for Frank Hilde in the second inning with the bases loaded, but the Flyers got two more before the frame ended. Hilde worked through the fourth, and was replaced by Dan Trotts in the fifth with

Pick Dehner's outfit leading 18-0.

Trotts set the Flyers down in order in the fifth. It was the only frame in which Dant's athletes were able to hold the Flyers, who were fresh from a 9-2 romp over Freeburg the previous afternoon.

The Trojans rattled a few bats in the bottom of the fifth to score their only run. Rich Simpson led off with a single. After Trotts had lined out to third, Ron Kurilla doubled to right, driving in Simpson. Bill Berninger, who tossed a neat five-hitter for the Trojans, slammed the door quickly, however, and the game ended after five frames on the 10-run lead rule.

Madison will travel to Roxana this afternoon for its second conference game.

Inter-City Baseball Season Opens April 24

110 Games Scheduled; Sacred Heart To Open On Road, Mercers At Home

It's official. The 1960 Southwestern Illinois Inter-City Baseball season will get rolling on Sunday, April 24. All ten of the league teams will see action on that date. The first five contests of a 110-game schedule. Locally, State Savings and Loan of East St. Louis will visit Granite City Mercers, while Sacred Heart will travel to Jones Park in East St. Louis for a jolt-offer with the defending champion, McAteer Glass.

New entry White City will be at Maryville, the Troy Redwings will travel to Highland to engage the VFW squad and Collinsville McKinnon will meet Carpenter on the latter team's diamond in the three games rounding out the opening day.

Each team in the league is scheduled to play 22 games during the regular season, which is due to end with single games on Sept. 11 if rain or cold weather fails to force postponement and rescheduling.

Playoffs Start Sept. 18

The first-round playoffs, in which division winners draw byes, pair the second and third-place finishers on the first round, second round is set for Sept. 25 between the winners of the previous week's games and the first-place teams.

Playoff dates for the President Vernon Lucas Cup are Oct. 2 and 9, and Oct. 16, if the series requires three games.

Sacred Heart opens and closes the regular season on the road while Mercer plays its first game and last game at home. Both clubs will use the Wilson Park No. 5 diamond as their home field, and the season will be so arranged that Sacred Heart in Granite City one week, and Mercer will meet each other twice during the regular season.

League Meeting Friday. A special meeting of league officials has been called for Friday at 8 p.m. at the McAteer Glass Co. office, 3901 St. Clair avenue, East St. Louis, where reporting goods firms will submit bids on equipment for the 1960 season.

League officers this year are:

Vernon Lucas, Collinsville, president; Martin Schiemer, Glen Carbon, crossing, vice-president; Henry Huser, Troy, secretary; and Carl Wallen, Madison, official scorer.

Members of the board of arbitration include Louis Miller of Edwardsville, William Morris of Madison, and Wheeler King of Granite City.

CD, Boat Club Sign Disaster Agreement

A "memorandum of understanding" between the Granite City Civil Defense Organization and the Bow Line Boat Club, signed CD director George Schumacher and boat club commander, Ray Stimmer, at a civil defense meeting last night at the city hall.

The agreement states that the boat club will supply its boats and personnel in the event of a disaster or emergency. Stimmer was accompanied at the meeting by George Cuvay, chairman of the Bow Line's emergency squadron.

The local CD units is to be active each day during the national alert set by CD headquarters for May 3, 4 and 5. The local CD control center will be manned day and night during the period, and CD personnel will be active from noon May 3 through 6 p.m. May 4.

Various CD activities, involving participation by auxiliary police, the rescue group, radiological teams, communications units, welfare groups and transportation groups, was mapped out at the meeting.

Wally Orr, field representative for the Unihub Boy Scout Council, was present at the meeting and explained the procedures for establishing a Scout Explorer Post, which is to be sponsored by the local CD unit.

To Organize Park Softball Leagues

A meeting to organize the six softball leagues planned by the Granite City park district this summer will be held Tuesday at 7 p.m. in the park district office, Recreation Director Harold Brown said today.

Brown said former manager, present team manager or team representative will be interested in participating in the Teenage, Class "B", Industrial, Classic, church or slow pitch leagues should attend.

The Slow Pitch league is a new addition, and will be open only to players 35 years of age and older, Brown said. The softball season will open in the second week of May, with all games to be played on the Wilson Park softball diamond.

Bennington Speaker

Warrior Cage, Mat Squads Honored, Sullivan Given Trophy At Banquet

Granite City high school's basketball squad reversed the usual procedure at an athletic recognition banquet Tuesday night at the high school cafeteria, giving away a trophy instead of accepting one.

The squad earlier in the evening had come in for a goodly portion of the praise that was dished out by speakers at the banquet, including a statement by basketball Coach Andy Sullivan that it is "the finest group I've had in 13 years of coaching."

But, 1959-60 basketball Co-Captains Carl Wortham and Rich Williams pulled a switch by presenting Sullivan with a trophy from the team.

The amiable Irishman, as with a cup as was the guest speaker, John Bennington, coach of the St. Louis University basketball team, was called a bit short for words by the presentation, a small trophy which included a mounted picture of the team he directed to the "Sweet Sixteen," the engraved squad roster and a list of its accomplishments during the season.

Wrestlers Recognized. Warrior wrestlers, who completed a 16-4 dual meet record and won five championships during the season, also were lauded by the mat coach, William Schmitt. Each member of the wrestling and basketball teams was introduced by the head coaches, and Principal Lawrence McCauley recognized the school's cheerleaders.

A capacity crowd of 300 persons attended the recognition banquet, waded through a smorgasbord supper and was rewarded when Bennington rose to speak after being introduced by the master of ceremonies, Ernest "Pat" Rich.

Observed in introductory remarks, Bennington, who is the father of five boys and two girls, enough for a basketball squad and two cheerleaders, but added there are "no substitutes" available. Bennington, who is a little crazy, said everyone at ease on the situation when he replied in the opening remarks, "I've got the substitute on the way."

There were few serious moments during the address by Bennington, but he made them count. He had just returned from Denver, where he was among a group of coaches who were selected from the top college coaches as the team to represent this country in the 1960 Olympic Games.

"Everybody has a gift of some sort—something they were born with," he told his audience. "But these athletes have gone on to improve on what they have been given."

Relative Passes Away

Edith Crocker, 54, of Somerville, Tenn., cousin of Mrs. Alfred Thomas, 1940 Benton street, and nephew of Frank Jennings, 2516 Hodges avenue, died of a heart attack at his home at 4:30 p.m. Wednesday. Funeral and burial will be Friday in Dyersburg, Tenn.

Bennington went on to observe that basketball fans are "fickle." "A boy drives down the

floor and hits five straight, and everything is great. But the sixth time he comes down he stumbles, kicks the ball out of bounds and you've got some kids yelling 'Take him out, Andy!'

Athletes are doing something they cannot do perfectly, and never can, said Bennington. "But they are always striving to improve, putting in that extra time, training a little bit harder."

The Billiken coach asked his audience, made up in large part of parents and friends of the athletes being honored, "I wonder how many of you would sit out in the center of a gym floor, with several thousand people looking on, and play a game of bridge—if everyone in that audience could see into your hand and know the mistakes you made?"

"Athletes, regardless of the sport, have to do it every time they compete, and one of the things you have to have is courage," he added. "Courage not only to take the field or the floor in the first place, but the courage to face your teammates and fellow students the day following the night you didn't do so good."

Nordmann Brothers Present. Accompanying Bennington here from St. Louis University were brothers Bill and Bob Nordmann, member of the Billiken cage squad. Bennington cited "Bevo" as an excellent example of a hard-working athlete.

"Bevo weighed 295 and during conditioning trimmed down to 270," he said. The older Nordmann (Bill) will be a sophomore next year, "Bevo" was touted by his coach as "having an excellent chance to make All-American next season," his senior year.

It is difficult for Bennington to remain in a serious mood for long—he admitted that himself. "Coaches are a little crazy to start with," he explained.

Referring to honors paid to the wrestling squad by Schmitt, Bennington quipped, "I don't know too much about the sport, although I've been accused on several occasions of teaching it on the basketball court."

Schmitt, not to be outdone, has already taken his friendly dig at basketball with an obviously cooked-up story of the afternoon Sullivan walked into the gym and found Guards Bob Price and Williams engaged in a free throw-shooting contest with a dog.

"When Sullivan asked 'What's going on here?' the dog replied, 'Quiet, I haven't won the contest yet,'" Schmitt continued. "Nobody—and that includes athletes—is perfect." Bennington continued, "If the ball went through the hoop every time someone shot, then basketball would indeed be an uninteresting sport."

School Officials Speak. Rev. James R. Craddock of Central Christian Church gave the invocation. After the guests

Benitos, Fi Dele In Volleyball Feature

The Benitos and Fi Dele staged the tightest battle in the YMCA Volleyball league for teenagers last night, with the Benitos finally pulling the game out by a 22-21 set. It was the first overtime game in the league's history.

In other contests, Quin Du topped Omicron Sigma 21-11, the Bis Boppers won over Xi Alpha Beta Chi 21-9, Kappa Debs defeated Triangle-Alpha Todd 21-7, Chi Xi Chi outdistanced Tau Omega Pi 21-6 and Epsilon-Delta Lambda Pi eased past the Pi Phi 21-19. The Gamma Tau-Madison Garçons game was postponed.

Lettermen Introduced. Wrestling lettermen who, together with members of the basketball team had received variety numerals earlier in the day in a special assembly, where Roger Bloodworth, Dan Brawley, Larry Brisky, John Janco, Jon Davis, Sam Fazio, Buddy Felchlin, Joe Jacobovich, Monte Kessler, Charles Parkinson, Eldon Poole, Bill Ridings, Ernie Taylor, Mike Trgovich, Jerry Wallace and Co-Captains Dave Brewer and Ed Craft.

Attending basketball lettermen included Harry Cook, Larry Farnham, Frank Knight, McDowell, Bob Price, Max Prusak, Jim Simpson, Harry Smith, Co-Captains Rich Williams and Carl Wortham and Manager George Monken. Sullivan announced that Knight, Simpson and Prusak have been named co-captains for the 1960-61 season.

McCauley also introduced variety cheerleaders Mary Jane Baumberger, Margie Holland, Martha Little, Sharon Maberry, Jeannette Skubish and Captain Sheila Graham.

Kahok JV Nine Tops Granite City 14-5

Jumping to a 7-0 lead in the first two innings, the Collinsville baseball junior varsity downed Granite City JV's 14-5 yesterday in a game called after six innings because of darkness on the local field.

Wildness by the three Granite City pitchers accounted for most of the Kahok runs. Larry Corey, Grant Takmanjan and Larry Melton combined to give up 11 walks.

The Warriors made their first hit in the fifth inning after the game was beyond reach with a 13-1 Kahok lead. Granite City collected four hits and made one error, while Collinsville totaled nine hits and two errors.

Former Local Family Of Six Injured In Blaze

The Robert Winkmeier family, residents of Madison until a month ago, suffered burns in a blaze which badly damaged their 1 1/2-story frame home at Cleveland, O., it was learned here yesterday from local relatives.

Only one of the family's four escaped the flames. She jumped 10 feet from a window into the arms of her father, who already had carried two younger children out of the blazing home.

Winkmeier, 32, son of Mr. and Mrs. John Winkmeier, 2114 Washington avenue, his wife, Helen, 30, and three sons, Johnny, 4, David, 3, and Michael, 2, were treated at a Cleveland hospital for first and second degree burns.

Two of the children, Roberta and David, are here to stay with their grandparents, and the other two are staying with an aunt in Allen.

Winkmeier, who formerly

worked for an East St. Louis chemical firm, operates a store at Cleveland. His wife is expecting a baby in July.

The blaze which broke out about noon last Friday, destroyed all of the first floor and also damaged the master bedroom but left the children's room undamaged. The loss was set at \$4500. Cause of the blaze was believed to have been a defective installation of an electrical appliance.

Winkmeier and his wife highly praised the Red Cross for assisting the family with temporary quarters, and also a 17-year-old neighbor who attempted to rescue the six-year-old girl before she leaped from the window.

The girl said she was awakened by smoke and ran to the window. She could not get it open and her father hurled a brick to break it. Then she jumped into his arms.

The Winkmeier's furnishings were not insured.

The hostesses served refreshments to the honoree and Mesdames Helen Gages, Jeanne Bluff, Rudy Lee, Richard Schneider, Frances Brennan, Fred Schuman, Charles Huffman, Elaine Spengler, Mary Wallace, Bonnie Haldeman, Rose Prazma, Millie Spahn, Cora Copridge, Martha Bollinger, Jo Ann Ripper, Doris Votaw and Carol May.

FAMILY NIGHT HELD

"Family Night" was held Sunday at Good Shepherd Evangelical United Brethren Church. A film, "Split Level Family," was shown followed by singing.

Refreshments were served to Mr. and Mrs. Robert Loar and children, Glen and Lora Mae, and Mrs. Roy Thompson and children, Ricky and Jackie, Mr. and Mrs. Jim Sherman and children, Lynn, Jackie and Judy, Mr. and Mrs. Gary Rainwater and children, Tommy and Judy, Mr. and Mrs. Wendell Talley and children, Kathy and Nita, Basil Woodmansee, Ben Mincewicz and children, Bob, John and Dick, Mrs. Dolores Forsting and son, Kenny, Rev. and Mrs. E. Bryan and children, Philip, Paul and Sue, Joe Fanning and Rex Buzan.

A den mothers' meeting of Cub Pack 122 of the Wilson avenue school PTA was held Monday evening in the home of Mrs. Beverly Singleton, 2812 Edgewood avenue. Plans were discussed for the next pack meeting, and arrangements were completed for participation in the scout fair.

Mrs. Singleton was elected chairman of the den mothers. Refreshments were served to Mrs. Pat Pitchford, Mrs. Lillie Loar, Mrs. Roberta Bradford, Mrs. Dot Nelson, Mrs. Thelma Leutenegger, Assistant Cubmaster Jack Nelson and Committee Chairman Gene Buzan. The next meeting will be May 2 in the Leutenegger home, 2104 St. Clair avenue.

Den Three of Cub Pack 122 met in the home of Mrs. Thelma Leutenegger, 2104 St. Clair avenue Tuesday. Rickie Thebeau was welcomed with a song and plans were completed for the scout fair. A story was read with refreshments served by Mrs. Geraldine Rodgers to Mae Rodgers, Elbert Shane Jr., Randy Raymond, Mike Chinn, Denny Phillips, Terry Leutenegger and Den Chief Joe Leutenegger.

The adult choir of Suburban Baptist Church met Sunday afternoon in the home of Mr. and Mrs. Joe Fox, 2906 Sunset drive. Special music was rehearsed for a revival which is to begin April 24. Present were Choir Director Ray Fischer, Paul Haldman, James Blaylock, Mrs. Pauline Dalhaus, Mrs. Evelyn Moore, Mrs. Eleanor Harlow, Mrs. Norbert Birtley, Miss Beverly Blaylock and Miss Nancy Cockrell.

Free Bridge Approval Brings Comment By Mayor

"I just can't understand throwing away a \$6,000,000 bridge over the Mississippi River plus a \$400,000 canal bridge," Madison Mayor Stephen Maeras commented at the city council meeting Tuesday night in reference to the Secretary of Army's approval of the Illinois-Missouri application for construction of a free bridge 2000 feet north of the Madison-owned Chained-Rocke Bridge.

The mayor read to the council a letter from Cong. Melvin Price, dated before the Army's announcement, stating that the Army department had written a Congressional committee approving a proposed law which would permit Madison to construct another toll bridge. Added to the present two-lane bridge, a second bridge would provide a four-lane passage, the same as the proposed free bridge would have, he said.

"Not only would the free bridge ruin our bridge, but it would make a large stretch of highway leading to it worthless," Maeras said. Tolls must be reduced on the Madison bridge by 1964, and the city's reserve exceeds the existing debt. "I can't understand the Army making the two different stands. It now appears that our bill hasn't much chance of passage at this session of Congress," the mayor continued.

Plan Law On Pellet Guns
In other business at the meeting, Madison aldermen instructed the city's legal department to draw up an ordinance regulating sale and purchase of "BB" or pellet guns, in an attempt to curb recent vandalism including store windows and street lights.

"The guns have not only caused great financial damage, especially in the street lights, but are dangerous to the people using them," Maeras said. City Clerk Percy Lux was instructed to write the Illinois Power Co. requesting replacement of 171 old style 2500-lumen street lights with 4000-lumen lights.

Seek Liquor Law Change
The council also authorized the legal department to draw up a letter to state representatives and the governor requesting that the Illinois general assembly pass a law revising the age requirement for sale of liquor.

"Girls being able to buy liquor at 18 while boys have to be 21 is discrimination and makes law enforcement difficult," Maeras said. "The age requirement should be the same for both sexes, preferably 21."

The council approved a plan of action in event of disaster, prepared by the Madison civil defense organization, and heard a letter from the city of Alton, thanking the Madison council for its letter of congratulation on Alton's All-American City award. Bills totaling \$18,026 were approved, as were \$6024 bridge bills, including \$3065 for emulsion paint.

Highway Construction Crews To Work With Archaeologists At Cahokia Mounds Sites

Gov. William G. Straton announced today the rescue from destruction of two ancient Indian sites at Cahokia, between the Quad-Cities and Collinsville. Parts of a thousand-year-old Cahokia village site and mound have won a temporary reprieve from federal and state authorities planning road construction work in the area. Illinois archaeologists now can excavate and study the sites in detail, prior to their demolition by construction crews building U. S. Highway 55-70 near Collinsville, Gov. Straton said.

The sites are not protected as those within Cahokia State Park. Portions of the mound and village site are scheduled to be bulldozed in clearing a path for the new interstate highway. The Museum said Indian mounds buried in the area date to the 9th to 14th centuries A.D. They must be studied if an accurate account of the life of Illinois' early inhabitants is to be preserved.

Test excavations will begin this week by workers under direction of Dr. Warren T. Wittry, curator of anthropology at the Illinois State Museum. It should last for about four weeks. Road work in the area is slated to begin this spring.

Arrangements for salvaging the Indian sites were made through the Illinois Archaeological Survey. The survey is sponsored by the Museum, the University of Illinois and Southern Illinois University. Approval for the archaeological project was given by the U. S. Bureau of Roads and Illinois Division of Highways.

Important historic and prehistoric sites can be investigated prior to destruction in highway construction under terms of a recent agreement between the survey and the Illinois Department of Public Works and Buildings. The agreement was made to preserve significant archaeological objects of antiquity that have national historic and scientific importance.

An important section of the Cahokia mounds area in the same vicinity was saved from building contractors' bulldozers last fall under special arrangements by the state.

Salvage work of the mound and village portions to be investigated starting Monday includes test excavations, and removal and preservation of all archaeological objects found. If warranted, other work may be carried out later, according to Dr. Wittry.

The Cahokia mounds area is considered by archaeologists as one of the most important sites left by a prehistoric race on the North American continent.

Mr. and Mrs. Clyde Stages of Florissant, Mo., moved to Benton street this week.

Two Speeding Arrests

Charges of speeding were placed against Ronald D. Mayo, 18, of 1811 Alton avenue, Madison, and Bernard A. Bargiel, 19, of 2033 Collinsville avenue, Madison, who were arrested last night at 22nd street and Madison avenue by Granite City police. The motorists posted \$11 cash bonds.

The retiring master councilor is Ronald Butler.

Locks Traffic 700,000

Tons Ahead Of Last Year

Traffic through the Chain of Rocks Canal and Locks 27 during the first three months of 1960 maintained a lead of some 700,000 tons over traffic for the same period in 1959, a quarterly report from the district office of the U. S. Army Corps of Engineers showed today.

Commercial and government traffic on the canal during March was slightly below February's record-setting 1,750,897 tons, and totaled 1,647,485 tons, bringing total tonnage this year to 4,778,945. The total for the first three months of 1959 was 4,075,289 tons.

Traffic in the canal locks maintained the usual pattern, with upstream traffic tonnage about double that going downstream. 1,088,892 tons, compared to 538,533 tons. Government vessels added another 100,000 tons.

A breakdown of commercial tonnage for the month of March showed petroleum products up 430,490, down 168,433; grain up 6800, down 283,850; coal, up

Continuing Church Loyalty Crusade

The denomination-wide spring Loyalty Crusade which began April 3 at Mt. Zion General Baptist Church will be continued through Palm Sunday.

Rev. Willis Million, speaking at the morning worship hour, will use as his topic "Christians, The Loyalty One." On Sunday evening, "Voyage To Rome," the concluding film in a series on the life of Paul, will be shown.

A candlelight Communion service will be held Wednesday evening at 7 o'clock.

GC Police Prediction Correct —87 Accidents Last Month

Ice and snow caused 39 of the 87 traffic accidents occurring in Granite City during March.

The 67-accident month was exact to the number predicted at its outset by the police department. The officers were uneasy about March 15, when 52 accidents already had been reported, but in the last half of the month, the pace slackened and there were even three days, Tuesday, March 1, Thursday, March 17, and Tuesday, March 22, on which none was recorded.

Last month's 87 accidents with 21 injuries compare to 96 mishaps with 20 injuries in February, and 92 accidents with 25 injuries in January.

Quarterly Totals Up

The first quarter totals for the city were 275 accidents and 66 injuries with no fatalities as compared to 216 accidents, 63 injuries and one traffic death in the first quarter of 1959.

Other first quarter totals have been — 1958, 227, 56 and 0; 1957, 240, 53 and 0; 1956, 240, 41 and 0; 1955, 219, 46 and 1; 1954, 147, 22 and 2; 1953, 205, 41 and 1; 1952, 190, 35 and 0, and 1951, 206, 35 and 0.

In addition to the 39 accidents caused by ice and snow, an additional 24 resulted from wet pavement, according to the police department records.

14 Crashes On Madison Ave.

The police frequency chart shows 40 of the March accidents occurred on eight thoroughfares — 14 on Madison avenue, seven on 20th street, seven on Nienringhaus avenue, three on Nameoli road, three on Edwardville road and two each on State street, 19th street and Pontoon road.

There were two days on which eight accidents were reported — Wednesday, March 2 and Saturday, March 12. On Tuesday, March 9, six mishaps were reported and on Sunday, March 27, there were five. Four accidents were reported on three other days, three accidents on eight

days, two on four days and one on six days.

The types of accidents last month included 53 two-car collisions, four three-vehicle crashes and two four-vehicle pileups. Eight hit-run accidents also were reported including seven which involved a parked vehicle. In addition, 10 parked cars were struck by motorists who stopped to report the mishap.

Two pedestrians were involved in motor mishaps, and there were three auto-truck collisions. Fixed objects struck by motor vehicles included a pole, a tree, a fence and railroad gates.

Mother And Daughter Girl Scout Banquet

One hundred-fifty persons attended a mother and daughter banquet for Girl Scouts of Neighborhood Four, which was given last night at the Dunbar school auditorium, West Madison.

The flag ceremony was conducted by Troop 41, and Mrs. Helen Bergfeld of the Tri-City Girl Scout Council and Mrs. Mary Massman of Neighborhood Four were the guest speakers. Chairman of the banquet was Mrs. Jewell Barnes.

Awards went to Brownie troops 137 and 63, while world troop went to the members of troop 154, 141 and 5.

1960 Assessment Of Personal Property Begins

Assessment of personal property in Granite City township for 1960 was started this week by Assessor Von Dee Cruse.

The assessor is being assisted by a staff of 20 deputies, who are paid at the rate of \$150 an hour. He has a budget of \$10,000 to do the job.

Cruse said the assessment is to be based on 60% of resale value of personal property, same as in the past two years, with property owners being asked to fill out regular forms. Of the 20 deputies, 16 are making outside contacts, while four are working in the assessor's office at the city hall.

14 Firms Are Added To 25-50 Year Honor List

The number of Quad-City businesses to be honored for 25 or more years of continuous operation under the same company name or by the same family grew from 137 to 151 today with the addition of 14 firms, Alvin Barnes, executive secretary of the Associated Retailers and Civic Association, said today.

A recognition banquet, sponsored by the Associated Retailers and Tri-Cities Chamber of Commerce, is to be held May 4 at the Venice-Madison American Legion Dugout on Broadway in Venice.

The latest additions to the list, with the years they have been in operation, include: Washington Theatre, 61 years; Stoyanoff Grocery, 50 years; Comp-ton's restaurant, 49 years; R. D. Electrical Co., 48 years; Normberg Shoe Repair, 47 years; Charles H. This Agency, 41 years.

Stolze Lumber Co., 39 years; Bollinger Upholstering Co., 36 years; Hollywood-Andrew Studio, 34 years; Hammerman Hardware, 34 years; Ajax Cleaners, 32 years; Ideal Market, 30 years; Kendall Service Station, 28 years; and Johnson Roller Rink, 25 years.

HOME ON FURLOUGH

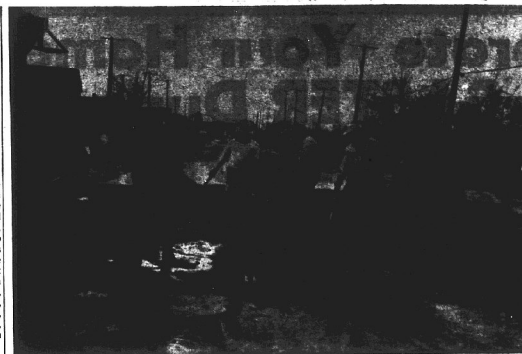

Parachute Rigger James Ronell Hildreth, who is stationed at Beville, Tex., is home for a ten-day furlough with his parents, Mr. and Mrs. Joseph Hildreth of Nameoli drive.

Brownie Troop 34 met Wednesday with Mrs. Norma Walton and Mrs. Wanda Joyce. The girls studied the lives of Lord Baden Powell and Juliette Low, founders of scouting. They also made ovals to be used in patrols at a spring outing in May. The hour ended with songs. Present were Carol Clemons, Deborah Dye, Sharon Joyce, Janet Riggs, Paula Walton, Nancy Jackson, Ricky Hunt, Lona Sue Watson, Patricia Davis, Charlotte Mays, Kathy Morefield and Deborah Harrison.

Intermediate Girl Scout Troop 119 met Monday at the Logan school. Troop insurance was discussed. Samples were made, and "buddy burners" were started. Mrs. Frieda Kerfoot welcomed a new co-leader, Mrs. Edna Reynolds. Present were Arlene Brantley, Carolyn Brimm, Linda Ellis, Roberta Farris, Vickie Groves, Linda Hancock, Kathleen Jones, Thelma King, Carol Reynolds, Louise Shemwell and Nancy Zang.

Intermediate Girl Scout Troop 109 this week worked on the child care badge and planned skating party for April 18. Present were Pat Coffman, Karen Farley, Sharon Hancock, Linda King, Linda Taylor, Phyllis Hagauer, Betty and Bonnie Black, Kathy Cox, Pat Mitchell, Mrs. Minerva Coffman and Mrs. Reva Turner.

Cub Pack Four met Monday with Mrs. Lillie Anderson, who was assisted by Mrs. Ruby Grover. The boys worked on drums. Present were Darrell Harrison, Randy Whitcomb, Charles Penoglio and Ronald Westbrook.

NEW SURFACE FOR BROADWAY is being created following installation of a storm-water drainage line down the middle of the Venice thoroughfare. Workmen in the 300 block are shown spreading concrete, which will be topped with an asphalt surface. The work is proceeding eastward.

Brownie Troop 151 worked on handicraft Wednesday afternoon, making models of ducks. Mrs. Ruby Johnson and Mrs. Elton Cook were in charge. Answering roll call were Nancy Cook, Debbie Barnes, Debbie Bader, Charlotte White, Lucille Metcalf, Diane Olive, Linda Lipe and Sharon and Karen McElroy. Sandra Joyce, Reba Hancock and Sherry Hunt were transferred from Troop 34.

Mr. and Mrs. Richard Akers and son, Eddie, and daughter, Diana, of Bridgeport, Ill., were guests Wednesday of Mrs. Akers' mother, Mrs. Eula Anderson, 2725 Nameoli drive.

Mrs. Eula Anderson, 2725 Nameoli drive, returned home Monday after visiting for a week with her mother, Mrs. Bertha Reeves of Poplar Bluff, Mo., due to illness.

Brownies met Tuesday in the home of the leader, Mrs. Lillie Anderson, with her and Mrs. Betty Profit. The girls made beaver buckets. Present were Nancy Profit, Judy Anderson, Kathy Carney, Sharon White, Tynia Poe, Debbie Westbrook, Regina Odum, Kathy Seehitg, Debbie Seebold and Janet Stopkotte.

Mr. and Mrs. Denny Walton and daughters, Judy, Paula and Nelda, and son, Chester, 722 Twenty-sixth place, entertained at dinner Tuesday Mrs. Walton's sister, Mrs. Bryan Goins and children, Retha Nell and Billy Mac, of Glen Ellyn, Ill., and Mrs. Ruth Hildreth.

The chili supper committee of the Logan PTA met Tuesday and completed plans for the annual event April 13.

Infant Daughter Of Burl Hand Family Dies

The infant daughter of Mr. and Mrs. Burl Wayne Hand, 2524 East 26th street, was stillborn at 7:50 a.m. today at St. Elizabeth Hospital.

The infant's father is a pipefitter's helper at Granite City Steel Co.

Also surviving is a brother, Burl Wayne Hand Jr., of Granite City; grandparents, Mr. and Mrs. Henry Hand of Venice and Mr. and Mrs. John Montgomery of Granite City; and great-grandparents, Mr. and Mrs. Lyle Hand of Granite City.

Services were held today at a local funeral home. Other details are given in today's obituary column.

Mr. and Mrs. Tom Robertson of Circle drive had as guest license Wednesday Mrs. Gertrude Watson, who was released to appear for a hearing April 16.

C. of C. Madison Club Discuss Mutual Aims

Goals of the Tri-Cities Chamber of Commerce and needs of Madison business firms were exchanged in a discussion at yesterday's luncheon meeting of the Madison Rotary club, C. of C. Executive Secretary Harlan Dobry addressed the club, and C. of C. President Sam Meyer joined Dobry and the club members in discussing mutual aims.

Mike Sasyk, chairman of a special committee, told of the club's hopes to attract additional businesses and industries to Madison, and plans were made for the committee to confer with C. of C. officials prior to an April 21 session of the State Industrial Planning and Development board in which Quad-City industrial sites will be visited.

Jack Friedman introduced Dobry, who gave a detailed review of activities of the Chamber of Commerce. Meyer said the C. of C. is the agency through which Madison firms should work to accomplish their goals and cited a need for close contact between them and the C. of C. staff.

Seek To Condemn Land For Interstate Route 70

Condemnation of certain tracts of land which lie in the path of Interstate Route 70 is being sought by the State of Illinois at the request of the Illinois Department of Public Works in a suit filed this week in the Madison County Circuit Court in Edwardsville.

The land in question includes 2 1/2 acres which lie along the route of the highway in Madison County. Construction of the highway between East St. Louis and the Illinois-Indiana line is presently underway.

Two Charges Filed Against Driver

Services were held today at a local funeral home. Other details are given in today's obituary column.

TRY CHEESE!

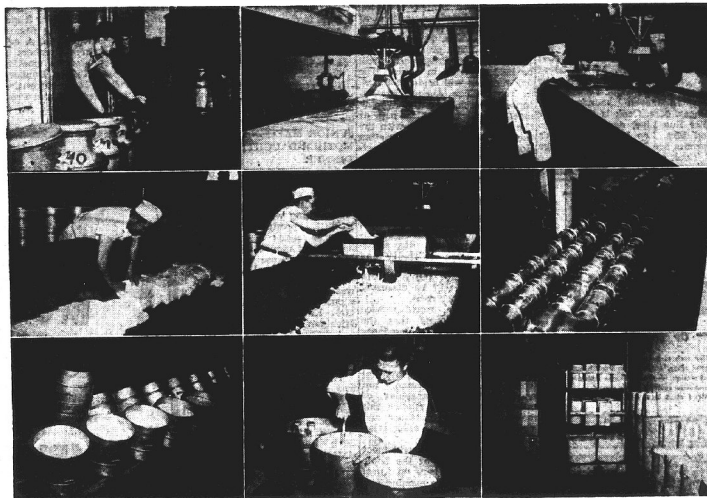

"A Dinner Without CHEESE is Like A KISS Without A SQUEEZE"

"Something old, something new, something nippy, something blue" . . . cheese in slices, rolls, spreads, wedges and loaves . . . whatever your special choice, you'll find them all at your favorite Tri-City Groc. Co. market. Cheese to make tasty sandwiches . . . cheese to heap on crispy crackers . . . cheese to flavor hot recipes . . . cheese simply to nibble on. Choose cheese from our wide, exciting variety . . . displayed in our long gleaming-clean refrigerated display cases. Just for FUN . . . try a few you haven't eaten before!

It all starts about 5:30 a.m. when the sanitary milking machines are attached to "Bessie" and her girl friends. From here, the rich milk is rushed to the dairy . . .

Our cheese buyer constantly inspects operations in nearby Illinois dairies to be sure they have precise quality controls and are kept sanitary with modern equipment. Probably few persons are aware that Illinois is third in cheese producing states (after Wisconsin and New York). Our buyer knows that the milk comes from some of the nation's finest herds. Cheese making starts by stirring pasteurized whole milk to let it ripen, after adding lactic culture.

Soon the milk is jelled and cut with long curd knives (shown above). The whey is drained off and dry curd sliced into 5 x 14 inch strips. After drying, these strips are put in a milling machine, cut into one inch cubes . . . salt added . . . stirred 20 minutes. The milled curd is placed in a molding press overnight under pressure. Next morning, the contents (now cheese) is dried 48 hours in a cooler . . . then put in boxes and stored on racks (see photo above of aging room). This important aging period is your assurance of finer flavor, better textured cheese from Tri-City Groc. Co.

Pictured above is one of our clerks cutting wedges of Longhorn cheese to be cellophane wrapped and displayed in our modern cheese cases.

EVENTS AT CAMP LAKOTA PLANNED FOR SCOUTS

Neighborhood Four of the Tri-City Girl Scout Council met Monday evening at Dunbar school with the chairman, Mrs. Mary Massman. Mrs. Massman announced that approximately 3000 persons had attended an open house at Camp Lakota March 27. Mrs. Massman gave a report on her recent trip to Chicago, where she attended an executive training course.

"Fun Day" will be held April 23 from 10 a. m. until 4 p. m. at Camp Lakota for Intermediate and Senior Girl Scouts. A discussion was held on the first aid course for leaders at the Madison recreation hall starting today and running for five consecutive Thursdays.

A trip has been planned for May 7, when all girls from Neighborhood Four and their leaders will visit Camp Lakota to plant rose bushes. The final meeting of the year for leaders of Neighborhood Four will be a cook-out at Camp Lakota May 20.

A mother-and-daughter dinner for leaders and Girl Scouts of Dunbar school will be held at the school Wednesday evening with Mrs. Leeverchia Weston, school organizer and chairman, in charge.

A songfest was held, with Miss Dorothy Higgins in charge. She taught the group various songs she had learned last July at the roundup held in Denver, Colo. Twelve persons were present.

TOUR ART MUSEUM

St. Mark's Intermediate Girl Scout Troop 46 of St. Mary's in Madison and Troop 69 of St. Elizabeths were taken by chartered bus to St. Louis Tuesday afternoon for a conducted tour of the Art Museum. Among other points of interest, the group viewed paintings relative to the Marian Award.

The girls were accompanied by Rev. Robert C. McCarthy of St. Mark's Church, Mrs. Margaret Lee, Mrs. Margaret Reid, Mrs. Loretta Hack, Mrs. Wanda and Mrs. Mary Massman, chairman of Neighborhood Four of the Tri-City Girl Scout Council.

Sunday dinner guests at the home of Mr. and Mrs. E. L. Myrland, 201 Weber street, were Mr. and Mrs. Glen Schneider and children, Danny and Wendy, Mr. and Mrs. Ernie Myrland Jr. and children, Dennis and Ruth Ann, all of Granite City, Miss Joan Case of Venice and Don Myrland, who flew home for the weekend from Miami, Fla. He is being temporarily employed there by the Owen Illinois Co.

Mrs. Georgia Neece, 627 Jefferson avenue, returned home Sunday by jet plane from a five-day trip to Washington, D. C. Mrs. Neece was sent to the Pentagon on official business by the United States Army Signal Avionics Liaison office in St. Louis, where she is employed.

80 Displays At Scout Fair This Week in Venice

Eighty booths, display areas and demonstration areas will highlight the second annual Scouting Fair of the Cabotia Mound Boy Scout Council tomorrow and Saturday in the 700 block of Broadway, Venice.

"From 7 p.m. to 10 p.m. Friday and from 1 p.m. to 10 p.m. Saturday, the crack of rifles, the beat of Indian tom-toms, the thud of arrows striking the target and the crackle of aluminum being melted for souvenirs will be heard," Milton Morris, fair chairman, reported today.

An estimated 20,000 persons will come to Venice to view craft products and skills of 2000 boys, Morris said. Bunting has been installed along Broadway, which will be left open despite nearby resurfacing work. Arrangements are being made to accommodate twice the number of autos as last year.

School, Legion, Field
Cub scouts will be located in the Venice school gymnasium, with scouts in the Venice-Madison American Legion hall and explorers in a 40x100-foot tent on the Venice school athletic field. Daybreak Optimists will operate a refreshment center with proceeds going to purchase new canoes for the expanded exploring program at Camp Sunken.

"Special armed forces equipment will be on hand, with a 'space age' display from McDonnell Aircraft here for the first time. Two Honest John missiles will be on display, and several scout troops will camp on the athletic field," Morris said.

"An archery and rifle range will be in the explorer tent, as well as Post 359 Indian dancers, a hit of the 1959 show. The cubs will put on a show including artist, neckerchief slides, plaster casting and home-made games.

"The scouting display in the Legion hall will have maps, compass work, first-aid, safety, firemanship and other skits, plus a special guest — Pedro, the Boys' Life magazine burro."

Toten Poles, Canoe Races
Sixteen explorer posts will demonstrate their specialties in the large tent, and activities involving scouts will include a totem pole carving contest. About 300 totem poles are expected to be entered, Chairman Louis Lassier has announced.

A pinewood derby will highlight cub events, with 500 boys entering miniature racing cars in competition to be held on the stage in the school gymnasium. Electronic equipment from the Granite City Steel Co., engineering department will be used to time cars, Chairman Charles Rodell has announced.

Tickets are being sold at 50 cents, and the latest sales report showed Billy Robinson of Granite City First Presbyterian Troop Eight leading with over 150 sold. Robert Doroughazi of Maryville school PTA Pack was the top cub salesman with 70, and Charles Orr of Post 46 and Gerald Fredericks of Post 22 were tied for the explorer lead with 40 sales each.

Indian Authority Here
Word has been received that Irvin M. Peitmann, nationally-known author and an authority on American Indian life, will be at the fair to confer with the scouts and visitors and to judge the totem pole contest.

Research assistant in Southern Illinois University's recreation and outdoor education department, Peitmann has written "Echoes of the Red Man" about Southern Illinois Indians and "Unconquered Seminole Indians of Florida," and is completing a third book on broken treaties with Indians.

A native of Hoytston, Ill., and SIU staff member 28 years, he has been named to the Osceola National Indian Hall of Fame.

Episcopal Church Will Hold Special Services

St. Bartholomew's Episcopal Church will observe Palm Sunday with a Low Mass, blessing and distribution of palms. At 10:30 there will be a sung Mass, distribution of palms and Solemn Procession.

On Monday, Tuesday and Wednesday there will be Matins at 7:10 a. m. and Mass at 7:30. Maundy Thursday's program will begin with a sung Mass at 9:30, and procession to the Altar of Repose. The Watch before the Blessed Sacrament will be kept from the end of Mass until 10 p. m. At 7:30 p. m. there will be devotions to the Blessed Sacrament, and the Office of Tenebrae.

Traffic Arrest

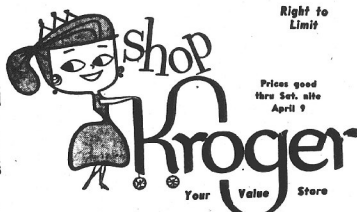

A charge of failing to observe a flashing red traffic light at Niedringhaus and Madison avenues was placed against Carl D. Huennen, 58, of 2461 Adams street, who was arrested early today by Granite City police. Huennen was freed on \$11 cash bail.

Speeding Ticket

Joyce F. Ousley, 19, of 1727 Fifth street, Madison, was issued an arrest ticket by Granite City police Wednesday afternoon on a charge of speeding on Madison avenue. She posted her driver's license as bond.

GC Civic League Hears Debate By Mudge-Daly

Opposing Democratic candidates for state's attorney nomination, Dick H. Mudge Jr., incumbent, and Anthony Daly entered into a debate Tuesday evening before 75 to 100 persons gathered at the Knights of Columbus hall to listen to candidates invited by the Granite City Civic League. Other candidates were Monroe Flinn for the levee board and Horace Calvo, who is seeking the city judge office.

Mudge, who spoke first on the invitation of Civic League President William Hale, pointed to the campaign pledge of 35 years ago in riding the county of gangster-controlled gambling and vice and his record of accomplishment.

Daly agreed Mudge had kept his promise, but added that he was not running on a corruption platform and that "illegal tax collection" was the main issue of the election. Daly said he believed some gambling was still going on in the county but the county was "fairly clean."

Mudge said he was happy to see Democratic opposition in

the primary election, indicating that "boss-control" of the party was on the wane.

Individual Consideration
Debate the tax rate charge, the aspirant for office said roads regularly object to "illegal tax rates and win in the circuit court." He added that other taxpayers, individuals, are entitled to the same consideration and that was the reason he filed an injunction suit in the circuit court to halt collection of "illegal taxes."

Mudge replied the state's attorney's office does not set tax rates and has as one of its duties the defense of county officers, such as County Treasurer and Tax Collector Dan McGee, who is a defendant in Daly's suit. Mudge said it would be difficult for Daly, if elected state's attorney, to be a plaintiff in the case and also serve as attorney for defense. Daly replied, that while a dismissal motion, filed by Mudge on behalf of McGee, will not be heard in court until after the April 12 primary, he is prepared to continue fighting illegal taxes and will do so if he wins or loses. "I won't drop this," he added.

Daly also charged Mudge with failing to prosecute a number of murder cases in the county. Mudge replied that any cases remaining on the docket are there because sufficient evidence is not yet available.

Flinn, who introduced his running mates, Thomas McGee of Venice and Thomas Hennessy

Michael Szweszyk and John Kerins of St. Clair county, expressed his sorrow that Dan Costello, incumbent levee board president, was not present.

Will End Payroll Padding
He promised his slate would end payroll padding, and would require 40 hours work for 40 hours pay of any person on the payroll. He pointed out he and his running mates were not interested in becoming levee board career men, but had other jobs which they planned to keep.

Flinn referred to a levee district employees' social club as a means of obtaining "kickbacks" and added that he doubted if any number of persons on the levee board payroll even knew where the levee district office was located.

The final speaker of the evening was Horace Calvo, candidate for city judge of Granite City in the April 30 election. His opponent, City Judge Fred P. Schuman, was not present.

Calvo said there is a need to have a large number of old cases and pledged his efforts to devote all time necessary to keep the docket clear. Calvo said he did not have the large practice enjoyed by his opponent and he would be able to devote 100% of his time to the court.

Veteran American League umpires who will be missing during the 1960 season are Ed Rommel and Bill Summers. Both retired after last season.

MISS KALETA HONORED AT BRIDAL SHOWER

A bridal shower was given Sunday afternoon at St. Mary's hall in Madison honoring Miss Mary Ann Kaleta, who is to become the bride of Robert Pare May 7.

The gift table was decorated with pink streamers and centered with a bride doll. The gifts were placed under a large white ruffled umbrella.

Miss Kaleta was assisted at the gift table by her bridesmaids, who are Miss Cecelia Kowalszyk, Miss Diane Kaleta, Miss JoAnn Kaleta and Miss Barbara Kromm.

The guest table was centered with pink and white carnations and decorated with white bells. Favors at each place setting were white mint cups placed on a small lace doily decorated with ribbons and bells.

Games were played, with each winner receiving a prize. A luncheon was served by Mrs. Pare and Mrs. Kaleta to approximately 150 friends and relatives. Many gifts were received by the honoree.

SPRING MEETING OF WOMEN'S CLUB DISTRICT

Mrs. J. J. Purcell, Mrs. D. L. Kaulaieff, Mrs. Dennis Revelle and Mrs. L. C. Harlan, members of the Madison Literary Club, attended the annual spring meeting of the 22nd District of Women's Clubs, Monday in Waterloo, Ill.

On the way, the stopped at the Monroe county nursing home where Mrs. Martha Jackson, a former member of the club and a former school teacher in Madison and Waterloo, who accompanied them to the meeting. Various activities held during the day included a style show and reports on district activities.

CLASS PLANS MOTHER- DAUGHTER BANQUET

Mrs. Charles Lybarger was hostess to the Peggy Sunday school class of the First Presbyterian Church at a monthly meeting held in her home, 1535 Fourth street, Tuesday evening.

The meeting was opened with prayer by Miss Dorothy Hinson. Mrs. Clara Lux, president, presided and it was voted to have those now in office remain in office for the ensuing year.

Plans were made for the annual mother-and-daughter banquet to be held in the dining room of the First Presbyterian Church May 6. Dinner will be served at 6:30 p.m. by members of the class.

A social time was enjoyed, with games played and prizes awarded to Mrs. Lux, Mrs. Joyce Walker, Mrs. Clava Taylor and Miss Opal McFarland.

Other present were Mrs. Shirley Rapoff, Mrs. Elizabeth Bucher, Miss Lucille McCall and Mrs. Ruth Nicholas, who will be hostess to the club in her home May 3. A luncheon was served by the hostess, using Easter decorations.

CLUB PLANS SOCIAL

Mrs. Betty Rodgers, new president of the Madison Ladies Democratic Club, presided over her first business meeting of the year Monday evening as the members gathered at the Sportsman's club for a monthly meeting. A social has been planned to be held during May, with Mrs. Julia Voloski named as chairman.

The hostesses, Mrs. Rodgers and Mrs. Hazel Swigert, served refreshments to Mrs. Louise Lewis, Mrs. Jessie Henderson, Mrs. Violet Bader, Mrs. Ida Dant, Mrs. Mary Maeras, Mrs. Mary Hlave, Mrs. Marie Stawar, Mrs. Hazel Hinson, Mrs. Mary Bridick, Mrs. Josephine Knezovich, Mrs. Pauline Rhoads, Mrs. Ann Bialczak and Mrs. Voloski. A social time was enjoyed by the group. The next meeting will be held May 2.

EASTER MEETING

Mrs. Haroldine Ross was hostess to the Mothers Grand Club in her home, 3100 Jill avenue, Tuesday evening. A luncheon was served prior to the meeting from a decorated table using an Easter theme, which included a lamb cake and miniature Easter bunnies as favors.

An exchange of Easter gifts was held among the members. Mrs. Thelma Hill, a member of the club, was presented with a going-away gift from the group, as she is moving to California shortly after Easter.

Mrs. Hill read the quotation for the month, and Mrs. Lorraine Paladin presented a paper, "Put Your Best Voice Forward."

A contest was held, with Mrs. Helen Ann McGarran and Mrs. Delores Harizal excelling. Others taking part were Mrs. Dorothy Bridick, Mrs. Peggy Crnkovich, Mrs. Marie Planitz, Mrs. Margaret Rogers, Mrs. Vivian Rosen and Mrs. Margaret MacZura.

Pot holders are being made by Girl Scouts of Troop 111 as they meet at the home of the leader, Mrs. Sally Bosworth, 1661 Second street. This week's meeting was opened with the pledge of allegiance and scout promise by Pat Moss, Pamela Hinson, Alice Grimes, Janet McElrath, Sharon Falgout, Paulette Voloski and Marcia Gitcho. Alice Grimes and Donna Schleuter served refreshments.

Mrs. Stella Davis returned to her home in Fulton, Mo., Sunday after an extended visit with her son-in-law and daughter, Mr. and Mrs. William Hannebrink, 1915 Fifth street. Mrs. Hannebrink and Richard Mowery and son, Rocky Lee Mowery, accompanied Mrs. Davis to her home and spent the day.

Miss Dorothy Hinson, Mrs. Hazel Hinson and Mrs. Estelle McBrien attended a spring meeting of the Eight and Forty held in Matton, Ill., during the weekend.

MRS. FOSTER HOSTESS

Mrs. Edna Foster entertained the Past Noble Grand Club of Delray Rebekah Lodge 786 in her home, 2222 Edwardsville road, Tuesday evening. The business session for the month was presided over by the president, Mrs. Pearl Serin.

The hostess and co-hostess, Mrs. Naomi James, served refreshments to Mrs. Althea Gray, Mrs. Belle Clemens, Mrs. Leora Rogers, Mrs. Mary Schuetz, Mrs. Doris Rash, Mrs. Dorothy Gregory, Mrs. Daisy Davis, Mrs. Ruth Hannebrink and granddaughter, Linda Ruth Mowery, and Miss Margaret Brown.

The next meeting will be held in the home of Mrs. Chloe Gray, 1545 Fifth street, with Mrs. Minnie Perry as co-hostess. A social time was enjoyed, with games played.

TWILIGHT CLUB MEETS

Miss Joan Prewett was hostess to the Twilight Pinocchio Club in her home, 2433 Madison avenue, Monday evening. A spaghetti dinner was served to members of the club.

Pinocchio filled the remainder of the evening, with Mrs. Lucille Boyles, Mrs. Pauline Holman, Mrs. Mary Etta Wanaugh and Mrs. Marie Miller excelling and receiving prizes. Others enjoying the games were Mrs. Cel Doroghazi, Mrs. Bunny O'Connell and Mrs. Bernice Townsend.

Mrs. Townsend will entertain the members in her home, 1917 Harris street, on May 2. The refreshment table was centered with a centerpiece of white fresh flowers.

Jack Montgomery, Ray Pinkley, Benny Manion, Jimmy Scott, Ronnie Britt and Jimmy Purkay, club scouts of Den Three of Pack 90, met at the home of the den mother, Mrs. Treva Williams, 1817 Fifth street, Tuesday evening for a weekly meeting. The boys were instructed on how to fold the American flag. Mrs. Pauline Pinkley assisted.

Flinn Asks Sheriffs To Watch Polls

Monroe Flinn and his slate of levee board candidates, including Thomas McGee of Venice, yesterday mailed letters to the sheriffs and state's attorneys of Madison and St. Clair counties, asking them to keep close watch on polling places in the April 12 primary election to prevent irregularities.

In the letter, signed by all five candidates opposing the incumbent levee board, Monroe said it is pointed out that some irregularities have been noted in the past in precincts of both counties — such as unauthorized persons loitering in the polls, and poll workers marking ballots for persons unable to read, giving an advantage to machine-backed candidates.

He added that all other irregularities reported in the past has been "tampering with tally sheets."

"It is also unusual," Flinn said, "for official counts to show the exact number of votes for several candidates and for nearly a 100% turnout by registered voters in some precincts."

"We're also sending a copy of the letter to the U. S. attorney general," he added.

moderator, and routine resolutions were presented and adopted.

However, the township officers were questioned sharply by the two Civic League representatives, Mrs. Beatrice Copman and Mrs. Betty Kowalewicz, who were attending their first town meeting.

Direct Vote On Taxes

They were told by Supervisor Oram, Town Atty. George Moran and Moderator Reinhardt that only at town meetings can residents, qualified voters, have a direct vote on the amount of taxes to be collected the following year. For other taxing agencies, elected representatives set the budget and levy.

Oram said a group could appear at a town meeting, and if they had sufficient votes, could cut salaries and costs or, if they wanted to vote a tax levy to buy property and put up a building for town purposes.

Following the election of a moderator, Atty. Moran read the meeting by-laws, which were approved, and Miss Ethel Reynolds, relief caseworker, pre-

sented the supervisor's annual report. She listed disbursements of \$53,571 from the town fund and \$57,237 from the relief fund. Resolutions were adopted to rehire Moran as attorney for 1960-61 at the same salary of \$100 a month. He was authorized to prepare the 1961-62 budget.

Also approved was a resolution setting the salary of the supervisor at \$25 a month, same as last year, and \$10 per diem for Town Clerk A. L. Stevens, also the same as last year. In another resolution, the \$20 monthly office expense allowance for each of the township's five justices of the peace was approved. The final order of business was reading the budget and tax levy ordinances, which also were adopted.

A breakdown of the new budget compared with last year's appropriation, follows:

Home Relief — food, \$75,000; rent, \$50,000; fuel, \$25,000; light, \$500; water, \$200; gas, \$100; clothing, \$500; cash, \$500; medical care, \$500; transportation and travel, \$500; and miscellaneous expenses, \$200. Total \$92,700, same as last year. Hospitalization — private hospital care, \$18,000; convalescent home, \$500; and ambulance service, \$300. Total, \$23,300, up \$400.

Other anticipated disbursements from the general assis-

tance fund are—transient cases, \$1000; burials, \$1000; and administrative expenses — salaries of office personnel, \$3000; printing and supplies, \$900; rent, \$1200; furniture and equipment, \$1000; travel, \$500; office utilities, \$700; janitor service and supplies, \$1200; social security, \$300, up \$50. Total, \$14,900, up \$400.

For general assistance clinics, \$1000 is budgeted, the same as last year.

Town Fund Breakdown

A breakdown of the budget for town purposes, compared with last year's budget figures, follows, with the new figure listed first:

Town officers — assessor salary, \$6000, same; board of auditors, \$300, same; supervisor salary, \$2500, same. Total, \$10,200, same.

Elections — judges and clerks, \$1000 and \$1000, same; supplies, \$150, same, and rent for polling places, \$300 and \$150, up \$150. Total, \$1450, up \$150.

Assessor's office — salary for office help, \$4500, same; deputy assessor, \$10,000, same; photographic survey, none and \$5000; stationery and supplies, \$500, same; printing and publications, \$300, same; office equipment, \$1500 and \$1700, down \$200; travel, \$600, same; telephone, \$500 and \$420, up \$80; rent, \$500 and \$600, down \$100. Total, \$13,500 and \$23,620, down \$3120.

Supervisor's office — stationery and supplies, \$1400, same; printing and publications, \$150 and \$200, up \$50; travel, \$500, same.

SOCIETY

DAV AUXILIARY PLANS EASTER EGG HUNT

Plans for an Easter egg hunt for the Junior auxiliary on Saturday, April 16, at Wilson Park were made last night at a meeting of the DAV Auxiliary.

A report was also made on a party for patients at the Edwardsville Sanatorium recently, and a new member, Mrs. Rose Carroll, was initiated.

Mrs. Irene Niehaus was in charge of the hospitality committee at the meeting which was attended by 12 members.

MRS. HARRY JACKSON HOSTESS FOR CLUB

Mrs. Harry Jackson, 2524 Benton street, was hostess to the Get-Together Club Wednesday. A noon luncheon was served to the members and after the meal the time was spent at cards with awards going to Mrs. Harold Klenle, Mrs. Herbert Bunte and Mrs. Walter Doht.

The next meeting will be held May 4 in the home of Mrs. Bunte, 2224 Lee avenue.

Total \$2050 and \$3000, up \$50. Auditing, \$150, same; legal, \$1200, same; bond premium for township office, \$850, same; social security, \$700 and \$500, up \$200. Total, \$2900 and \$2700, up \$200. Contingent fund, \$500, same.

Legion Auxiliary Unit Meets

The Past Presidents Parley of the American Legion Auxiliary met Monday evening with Alma Klaus, president, in charge.

Final plans were made for the initiation of new members, at which time the Past Presidents will entertain.

Games were played and awards went to Mrs. Vivian Harmon, Mrs. Hazel Odum, Mrs. Georgia Kramer, Mrs. Mary Breckenridge, Mrs. Ada Dishong, Mrs. Carmen Toth, Mrs. Klaus, Mrs. Edna Branscomb and Mrs. Winifred Costello.

Mrs. Edna Whaling was hostess, using an Eastern theme in the appointments.

PTA WILL INITIAL OFFICERS

Newly-elected officers of the Mitchell school PTA will be installed at a meeting to be held at the school at 7:30 this evening. They are J. J. Huckaby, president; Mrs. B. M. Stamp, vice-president; Mrs. Walter Mott, secretary; and J. L. Barker, treasurer. Mrs. Ida Hanfeldt is the installing officer.

The program for the evening will consist of a talk, a demonstration and a general discussion on the public school health program. Mrs. Ruth McCarty, school nurse, will be the speaker.

Granite City PRESS-RECORD Thurs., April 7, 1960 Page 23

B&PW Club Elects Officers

The following new officers were elected at a business meeting of the Quad-City Business & Professional Women's Club held at the YMCA last night:

Mrs. Verna Lengel, president; Mrs. Alice Dombrosky, vice-president; Mrs. Elvira Thuermer, corresponding secretary; Mrs. Lottie Schuster, recording secretary; Mrs. Helen E. Bischoff, treasurer; and Mrs. Gabrielle Beltnec, Mrs. Dolores Allen, the retiring president, and Miss Jo Leslie, board members.

Mrs. Allen presided, and an invitation was read to a meeting in Edwardsville April 26 to hear Dr. Delyte Morris of Southern Illinois University, who will discuss future plans for the university here.

The program for the April dinner meeting will be arranged by Miss Dorothy Davis, public affairs chairman, and the All-American City film will be shown. All candidates in the April 30 city council election have been invited to the meeting and will be introduced. Convention plans were also discussed last night by the 20 members present.

Two Youths Bitten By Dogs Wednesday

Two Quad-City youths were bitten by dogs in separate incidents Wednesday evening and were treated at St. Elizabeth Hospital.

Charles Bequette, 11, son of Mr. and Mrs. Warren Bequette, 2608 Center street, was bitten on the left arm at 6:30 p.m. while playing in a neighbor's yard, and Ralph Dunham Jr., 15, son of Mr. and Mrs. Ralph Dunham, 4178 Breckenridge lane, was bitten on the left arm near his home at 8 p.m.

In other emergency cases, Roderick Scheibel, 43, of O'Fallon, was treated for a cut over his left eye, suffered in an accident at work at American Steel Foundries, and Mrs. Mabel Borrows, 50, of 2156 Robert avenue, went in for x-rays of her right arm, injured when a car had struck her while backing up in downtown St. Louis. Both were released.

Petroleum warfare was first recorded in ancient Persia where oil was used to make incendiary arrows.

Steinberg Furniture Adds Unique Line

Steinberg Furniture Co., 1825 State street, has added another new exclusive line of "Early American" furniture, Hitchcock Originals, which is unique in that the furniture as it is made today, follows exactly the manner in which it was produced over 150 years ago at Riverport, Conn. The former name of the town was Hitchcockville, named after the chair manufacturer.

John Kenney, owner of the company today, discovered the original factory while on a fishing trip and bought the site and all existing plans and drawings. He has set up the manufacture of the present line of furniture in exactly the same manner as the originator. The furniture is all hand made and the designs and decorations are exactly as used by Hitchcock in 1818, even to the undercoat painting and rush seat weaving.

In other emergency cases, Roderick Scheibel, 43, of O'Fallon, was treated for a cut over his left eye, suffered in an accident at work at American Steel Foundries, and Mrs. Mabel Borrows, 50, of 2156 Robert avenue, went in for x-rays of her right arm, injured when a car had struck her while backing up in downtown St. Louis. Both were released.

PALM SUNDAY

was a memorable day for Jesus—a day when he wept over Jerusalem because of their rejection of the Saviour. What about you? Do you render lip service to Christ yet in your heart serve the world?

"For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." John 3:16

MFT Street Funds For Maintenance

A resolution seeking \$64,500 motor fuel tax funds from the state for maintenance of streets was approved Monday night by Granite City council members.

The \$64,500 request is for maintenance throughout the year, from last Jan. 1 to next Dec. 31, and is \$10,207 more than was obtained last year.

An insurance policy to cover the police department's firing range in Lincoln Place and the new fire station at 23rd street and Madison avenue was approved with a premium of \$125 to be paid to the Lueders Agency.

The policy including \$100,000 liability for individuals using the shooting and a maximum of \$300,000 for any one accident. Also approved was payment of \$47 insurance due on the fire house for the March of Dimes programs held there in January.

Council members took no action on a recommendation by Alderman Arthur Wieser to establish a fund to provide emergency medical care for transients lodged in the city jail.

Wieser told the council that last week a transient with infected feet was booked at the police station as a "sleeper" for a night's lodging and was unable to secure medical attention. He pointed out the man had been denied treatment at City Hospital, St. Louis, and also at St. Elizabeth Hospital here. Finally, he was charged with vagrancy and sentenced to a term at the county jail to receive treatment at the county nursing home.

City Atty. William Beatty explained the man would require prolonged medical attention, and as he arrived at the police station at night, there was no opportunity to present his case to a welfare agency for referral to a hospital. He added that as a transient, the man did not qualify for township emergency relief.

Venice Guidance Counselor Post Considered For 1960-61

With the addition of a guidance program, the Venice and Lincoln high school systems will meet the standards of the North Central Association of Secondary Schools for the 1960-61 school year, Supt. John Pier told members of the Venice school board Monday night.

Pier made the statement during a report to the board on the NCA convention which he attended in Chicago Monday through Thursday of last week. According to NCA rulings at the meeting, a second foreign language in Venice high school is not yet required, and the district's libraries are expanding more than the minimum amount required for reference materials to meet NCA standards.

A second foreign language and improved library facilities were the areas where the board felt expansion might be required before Pier attended the Chicago meeting.

May Serve Both Schools
The NCA recommends one guidance counselor for each 300 students, Pier said, and with current combined enrollment of the Venice and Lincoln high schools near that figure, the board may create one guidance counselor to serve both schools. Board members have suggested that the position be filled by a qualified teacher presently employed within the system.

Establishment of a tentative budget and the drawing up of class schedules at the two high schools, with the possible inclusion of a guidance position, will be the chief item of business at the next regular board meeting. The board had held up the consideration of the report on the North Central meeting.

To Meet With Teachers
The board also set Monday, April 18, as the date for a special meeting with representatives of Local 965, American Federation of Teachers, to discuss salary schedules and teacher contracts for the next school year. The board was notified by letter that the teachers' salary committee wishes a meeting.

The board will hold its regular meeting at 7 p. m. on that date, with the salary committee invited to be present at 7:30 p. m. Bills approved for payment Monday included \$11,695 in the educational fund, \$834 in the transportation fund, \$120 in the building fund and \$223 in the school lunch fund, a total of \$14,872. The treasurer's report showed a balance of \$1755 in the activity fund and a balance of \$541 in the revolving fund as of March 31.

Building Survey
The board's building committee will conduct a survey of all

school district property on April 12, and will discuss possible summer renovation projects and repairs, which are to be presented to the board for approval at its next regular meeting.

Approval Monday was expenditure of \$270 for installation of electrical outlets and wiring in the department's electrical typewriters permanent. R. Dron Electrical Co. submitted the lowest price on the project.

Pier told the board that a home economist from the office of State Supt. of Public Instruction George Wilkins will visit and inspect home economics classes in the two high schools. April 8. Two student teachers are currently teaching in Venice high school.

The superintendent's monthly attendance report showed an average daily attendance in the system of 92.5%. Lincoln high school averaged 89.9%, Venice 91.8%, Lincoln high school 91.1% and Venice high 93.1% for 19 days taught in March.

Pier also reported that all athletic goods, stationery and school supplies have been put out for prices, that some have been returned and are being studied and that there have not yet been replies to the others.

National Realtor Week Being Observed Here

The professional services of realtors to the buyers and sellers of real property is being observed this week which is being observed by local realtors as "Realtor Week." It was announced today by Sam W. Wolf, president of the Granite City Real Estate Board.

Quad-Cityans are being informed of the standards of business practice established by the code of ethics of the National Association of Real Estate Boards. The code is based on the "Golden Rule" and is more strict in its requirements than state license laws for real estate brokers and salesmen, Wolf said.

"One of the facts which we hope to highlight during the week is the identity of the realtor as more than just a real estate broker," Wolf explained. "A realtor is a member of the real estate board and NAREB. By meeting the requirements of these two groups, a realtor demonstrates competence and business ethics, he is admitted to membership in them and is the right to the realtor designation."

"The realtor's pledge is one of the distinctive attributes of realtors—one of the things that sets them apart from real estate brokers who are governed only by the less exacting requirements of state license laws," Wolf pointed out. "The pledge obliges every realtor to continue to build his professional skills for the benefit of his clients and to render community service."

Temple Baptists Buy Former Tavern Building

The 130 members of Temple Baptist Church, 714 McCambridge avenue, have completed purchase of their building through a bond issue. It was announced this week by the pastor, Rev. Paul Washburn, and the board of directors, A. N. Dunn, Arthur Neidhardt and Arthur Neidhardt Jr.

The church building, a former tavern, was purchased from Morris Chapman and John Karoly, after the church rented it for a year-and-a-half. The purchase price was \$25,000, and the congregation has now launched an interior remodeling project.

Drive Underway For Vote On Fast-Growing Manager Plan

The city manager form of municipal government has grown in popularity from 5% to 40% of the cities of over 30,000 population in the past 40 years. Granite City managerial government supporters have been informed by Sen. C. C. that the penalty for the Alton Citizens for Better Government.

During the same period, the number of mayor-alderman governments has dropped from 58% to 40% and the number of commission governments has decreased from 26% to 19%. Vine reports, commenting that, "The merit of city manager government is shown by its rapid growth."

Vine spearheaded the successful campaign for city manager government in Alton, and has been contacted for information by a local group that hopes to have enough petition signatures by May 1 to obtain a city manager election in Granite City. In tribute to Vine's efforts in Alton, he was chosen to accept the All-America City award there this spring on behalf of the city and its citizens.

Authorized By Legislature
Vine has emphasized to the local group that "it is a privilege that you may have the opportunity to vote on changing the form of your municipal government. It took 36 years to get legislation passed in Springfield allowing citizens to petition for a vote on city manager government. The law was passed in 1951, and Alton made the change in 1957."

"We had seven wards represented by two aldermen each. The people had an opportunity to vote only on the mayor and two aldermen, only three of the 12 making up the city council. We felt that was not satisfactory nor a democratic form of government."

"Aldermen were chosen primarily as representatives of their ward to represent their section of the city, dividing it into seven villages. This made it difficult for them to represent the city as a whole. The 14 were divided into 26 committees."

Feeling City Council
"The aldermen met twice a month and carried out a miniature civil war, with many personal feuds. The people would shudder to have to go and listen to it. There was no direction and no progress."

"The League of Women Voters circulated petitions to have the county judge call an election on the managerial government. He told the signers it was for a bet-

ter form of government, and they obtained about 700 signatures over 10% of the vote in the previous city election.

"After that, it was felt that we needed a separate organization to carry on the campaign. In November 1956, about 50 or 60 citizens met and formed the Alton Citizens for Better Government. The sole purpose was to campaign for city manager government."

Hard Campaign
"This type of campaign takes plenty of work, but the rewards are worth it. This is not new. We were not the first. Plato said in 327 B. C. that the penalty for good people not taking part in government was that they were governed by the bad people. If we don't take an active interest in our government, it affects our pocketbook and nation."

"Why did we as citizens decide we wanted to call for city manager government? After examining the various forms we became convinced that it was the best form of municipal government. It is a dual purpose, efficient, efficient and economical."

"There is a basic difference from council-mayor government. The mayor and aldermen form a legislative body that passes laws. Then, as part-time officials, they also carry out the business, becoming administrators as well as legislators. It is a dual purpose and it is not the best way to spend money effectively and economically."

Vote For All On Council
"City manager government eliminates waste. The council sets the policy, and the city manager is the administrator. We as citizens get to vote for all council members. Our group was reduced from 15 to five. A smaller body can be more efficient."

"The city council elected after approval of the change of government is responsible for finding and selecting a trained city manager as administrator. The council is a policy-making body, and the city manager administers the policy."

"It is very similar to the system used in schools throughout the United States. In the schools, you have a trained professional who serves as superintendent, and the school board is the policy-making body."

Shamper, S. C., was the first city to adopt city manager government in 1912. There were 451 cities in the U. S. with city managers by 1955, 1230 by 1958 and over 1600 now. Over half of the cities the size of Alton and Granite City are operating under city manager government. It isn't new and it isn't untried.

Explanation Of Abandonment
"Opponents say that some cities tried it, did not like it and abandoned it. True, it is not perfect, but it is the best plan yet devised. You will find that less than four per cent of those adopting it have abandoned it. In almost every case among the four per cent, the people found enough energy and interest to get it adopted, but lethargy set in, they let down and the old professional gang of politicians voted it out so they could take over again."

"Opponents argue that it is too costly. It is true the city managers are well paid, and they should be. They are trained, and spend years in learning their profession. Similar to lawyers, doctors, dentists, ministers and school superintendents, they are a profession unto themselves."

"City's Biggest Bargain"
"This cost is more than made up for in more efficient operation. The people get the maximum value for their tax money. Alton pays its city manager \$12,000, and this is the biggest bargain the city has ever gotten. In a short time, Alton had a tremendous program of improvement and evidence of a new spirit among the public."

"I could list 24 or 25 changes. We got our city hall cleaned up. A modern accounting system was started. We had a comprehensive, understandable budget for the first time in history. A clean-

ing program for the streets was started.

"We got a central buying system. The city is now better controlled. In the first year, garbage was reduced by 50 per cent. There is no more fire-trap number of city vehicles."

Led To Growth
"These improvements within the city led to more interest in the city in outlying areas. There had been no annexation to the city of Alton for 40 years, but now 19 or 20 small areas have joined the city and Alton has been annexed to Alton, adding 12,000 or 13,000 people. We have a 47,000 population now and Alton Boulevard and Laclede Street have come into the city."

"The citizens organized in November 1956 as a non-profit corporation. We started with 33 directors, representing a cross-section of good average citizens. All groups interested in the city, all major religions, business, labor and different races were represented. The common denominator was interest in the city and belief in the city manager form of government and what it could do for our city."

"We charged a \$1-a-year membership fee and obtained 600 members in a short period of time. We are still active and have over 800 members now. The citizens have monthly meetings, and a bulletin is issued to members. We backed citizen-endorsed candidates in the last city door-to-door four times."

No "Shadow Government"
"If you have 300 people and each takes one, two or three square blocks, it is not difficult. It is not a big chore, but does take organization. We do what we can to elect them and then we leave them alone. We are not a shadow government. If you get good, honest, intelligent men in office, then things will work out the right way."

"If they ask our advice, we are glad to give it, but we have never dominated them and do not intend to. We have been well rewarded through the improvement in our government," he observed.

Vine's belief is that the major political group in any city can deliver a specified number of votes by hiring at \$25 or \$35 a day election workers who can control the influence of 20 voters each. Saying there is little that can be done about this, he feels the task is to find an even greater number of voters not controlled by machine politicians.

Support By Public
"The city hall delivered its usual vote of about 3500, but we cannot adopt it. We obtained workers for nothing who could do the same job as the hired workers, and the fortunate thing is that such volunteer workers actually do a better job. The general public got behind this and worked for it."

"By delaying calling the primary election, the city hall crowd was able to stay in office two years longer, from April 1957 to April 1959, even though we ran a slate of opposition candidates in April 1957 and defeated the mayor and five of the seven aldermen who were running."

"With the right type of people, you can have good government with any system, but the managerial system is better than the others."

Cite False Arguments
Summing up, Vine says that many arguments used against managerial government are false. If the economies are effected and better service is provided, no attempt is made to keep municipal salaries low and no employees are fired, he said.

"They are doing a better job and are happier. There is more dignity to their positions. They are treated fair, and know that they are not beholden to officeholders. It is natural for city employees to be apprehensive when a change in the form of government is proposed, but they have nothing to fear."

"The \$1-a-year plan we have for council members is optional, although we sought candidates who were willing to run on a basis. Actual expenses of the \$1-a-year mayor are paid, and the citizens wage the election campaign and meet its expenses."

"People can make complaints or requests to the city manager during the day and have them handled in a businesslike way. Instead of trying to catch an alderman at night. Service is not given as a favor which then requires their support at the next election."

"All sections of the city are represented on the council and all areas are treated fairly, but things like street lights are not located just for political effect and divided so many to a ward. They are put where they are needed most, regardless of location."

Elkette's Install Officers, Mrs. Bergfield Is President

The annual installation of officers of the Elkette's was held Tuesday evening in connection with a regular meeting.

The ceremony was conducted by Charles Lybarger Jr., past exalted ruler of the Elk's.

Those installed were Mrs. Helen Bergfield, president, who filled the unexpired term of Mrs. Ruth Bauer; Mrs. Joyce Barnes, vice-president; Mrs. Vivian Rich, treasurer; Mrs. Helen Todoroff, secretary; Mrs. Helen Todd and Mrs. Euphie Tarris, corresponding secretaries; Mrs. Dorothy Kraft, chaplain; Mrs. Bernice Grimm, guard and Mrs. Gladys Williams, Mrs. June Sudholt and Mrs. Georgia Cocagne, trustees.

All of the new officers were presented with corsages of pink rose buds and there was a special gift for the president.

Flaws were made for a "dis-

carded" sale Saturday, April 30, at the IOOF hall, and Mrs. Kar-mayn Edmonds was appointed chairman of the committee in charge of arrangements with Mrs. Ella Wade as co-chairman.

Also discussed was a leap year dance April 30 at the Elk's with all of the officers serving on the committee. A social evening was planned for April 19 and heading this committee will be Mrs. Edmonds, assisted by Mrs. Margaret Williams, Mrs. Anna Mae Jenkins and Mrs. Merlene Roman.

The club will charter a bus May 3 for a visit to the East St. Louis Club. This will take the place of the regular monthly meeting of the group.

Refreshments were served to 70 members by Mrs. Mary Jane Eli, Mrs. Arlene Jones, Mrs. Frances Berkowitz and Mrs. Martha Baker.

PNW Plans Mother-Daughter Annual Banquet

The annual mother-daughter banquet to be held May 3 was planned Tuesday evening at a monthly meeting of United Presbyterian Women of First United Presbyterian Church.

Mrs. James Fox, president, was in charge at the meeting, which opened with a hymn, followed by the 23rd Psalm repeated in unison.

A report of the executive committee chairman was given and a short memorial service was conducted for a recently deceased member, Mrs. Robert Dron.

Devotions were given by Mrs. E. A. Roberts and her topic was "Jesus' Last Days On Earth."

Mrs. Roberts also read the names of missionaries for the day and offered prayers in their behalf.

The program, led by Mrs. O. H. Goose, consisted of a motion picture "The Eye Beholder."

This was followed by a "buzz" session and questions pertaining to the picture.

During the social hour following adjournment, refreshments were served by Circle Three, Mrs. Dan Clendenen, chairman, to 37 members and 37 guests.

Mrs. Beattie Morgan Reese and Mrs. Robert Lanter.

Tickets for the mother-daughter banquet may be secured from the fellowship chairman of each circle.

Deborah Circle Holds Circle

The Deborah Circle of Niederrhine Memorial Methodist Church met Tuesday evening in the home of Mrs. Mildred Hess, 14 Del Rio avenue. Mrs. Velva Pieper was co-hostess.

Eleven members were present and devotions were given by Miss Gladys Gibson, who presented the Easter Story.

"Turning On The Lights" was the topic of the lesson from the study book given by Mrs. Edith McCasland, assisted by Miss Elva Miller and Mrs. Virginia Wade.

The May meeting will take place in the home of Mrs. Shirley Bushue.

Eagles Auxiliary To 'Create' Hats

A meeting of officers and chairman of the Eagles Auxiliary was held Tuesday with Mrs. Mary Brominski, president, in charge.

Final plans were made for an Easter meeting of the Auxiliary to be held April 12. As hats are important at this season plans were made for the members to make and model their own "creations" at the meeting.

Twelve were present at Tuesday's meeting, and Mrs. Angie Huesler was the prize winner.

Webster PTA To See All- America City Film

Plans for the regular meeting of the Webster school PTA were made at an executive board meeting Monday evening at the school.

At the meeting of the PTA, Earl Lee will discuss remedial reading. Also on the program will be the All-America City film to be shown by Harry Fichte.

A 1:30 dessert luncheon preceded the meeting which was attended by nine members and a guest, Mrs. Robert O'Brian.

"Music Through The Years" is the theme for the year and Mrs. Walter Kerch, who served as narrator, gave a resume of the lives of several modern composers.

The program included two piano numbers by Mrs. Harold Dorries, "The Man I Love," by Gershwin, and "Come Back To Sorrento," by E. de Curtis; violin selections by Mr. and Mrs. E. A. Karandjeff, who played "In A Monastery Garden" by Kietelby, and several selections by Ignace Pievel.

During the business session, plans were completed to send a student to a music camp this summer. This is an annual project in which several clubs participate.

Mrs. Schell reported on plans for the annual guest day May 17 and other matters were discussed before adjourning.

Parents Of Son

Mr. and Mrs. Harold Duckworth Jr., 2319 Washington avenue, are announcing the birth of a son Monday at St. Elizabeth Hospital. The baby has been named Thomas Daniel. He has two sisters, Kimberly Ann, two years old, and Deborah Kay, 13 months old.

Sidney Strotheide, chairman of the special activities committee, discussed a proposed picnic to be held in May, and Joe Wylie recommended to the board that all children and parents should be fully acquainted with the provisions set forth in the school insurance policy.

The members also discussed a memorial to be left in the school building at the close of the school year.

The showing of the All-America City film will start promptly at 7 o'clock.

Supervisors At Union Starch Learn Spanish

Looking toward the possible establishment of a plant in one of the Latin American countries, the Union Starch & Refining Co. of Granite City has arranged with Southern Illinois University to teach Spanish to its supervisors.

The course is the eleventh in a series of courses in Spanish offered by the university's Industrial Management Program to open in Southwestern Illinois since Jan. 1.

In-plant courses on a variety of subjects are available for industrial plants on request. E. R. Castevens, supervisor of SIU's Industrial Management Program, has announced.

Instructor for the course in conversational Spanish is Marino Garcia, East St. Louis, whose mother tongue is Spanish. Garcia, a native of East St. Louis, also has lived in Mexico.

About This Question

We have \$15,000 in "accounts receivable." If our account files were destroyed by fire, we wouldn't know who owed us money, or how much, and would certainly go bankrupt. Can we get insurance on our "accounts receivable" to protect us from such a loss?

YMCA Youth Legislature Delegates Debate Bills

"Madam Chairman, I address my question to the author of the bill."

"Point of order."

"Will the secretary please read the next bill?"

Such is the manner of address delegates and officials to the Youth Legislative session in Springfield on April 22 and 23 went through rehearsals of legislative procedure at the YMCA this week.

The delegates, all enrolled in the local YMCA youth and government program, have come up with bill titles, and following debate sessions, will present some of them to the youth and government legislature for further debate and possible passage during the two-day session at the state capital.

Presiding at the local session is Sheila Graham, already elected as lieutenant governor for the Youth Legislature. Mary Ellen King presented bill titles to the delegates for debate.

They included:

Debated Bills
An act which would require the operators of motor boats to take a course in pilot rules to be licensed, introduced by Raymond Taylor and Ronald Randall; the requirement of mechanical warning devices at all railroad crossings on all roads, as prepared by Jeanette Skulsh and Judi Polite.

An act relating to injuries received by workmen during construction, as introduced by Beverly Harris and Linda Tindall; an act calling for the establishment of an institution for juvenile addicts, drawn up by Sheila Graham and Emily Doss.

The establishment of a board of censorship for obscene and immoral literature, to be appointed by the governor of the state, as introduced by Anita Boyer; a law requiring an individualized program of vocational counseling for all public school students from grade eight through grade 12, by Janice Gaxiner and Gloria Zitz; and the establishment of a four-year scholarship program for needy

students, as introduced by Warren Nash.

Suggest Revisions

From the delegates' committee on safety and transportation came the suggested amendment of Section 6-102 of the "Motor Vehicle Law," introduced by Sue Werth and Nancy Bishoff; and a suggested amendment to Section 6-109 of the same law, concerning the examination and re-examination of applicants for drivers' licenses, as introduced by Judy Rollins and Elaine Dineff.

Suggested bills for introduction before the Youth Legislature from the committee on public welfare, health and sanitation included the requirement for licensing of psychologists, as suggested by Mary Ellen King and Carol Ortolano; a water pollution abatement act for lakes, streams, rivers and other waterways in Illinois, as introduced by Carol LaMacchia and Elma Roberts; and a revision in the state divorce statutes, as introduced by Carol Kastelic and Ida Guttier.

Ministerial Group Good Friday Program

Dr. G. Curtis Jones, minister at the Union Avenue Christian Church, St. Louis, will be guest speaker this year at the annual Good Friday services sponsored by the Tri-City Ministerial Association at Niedringhaus Memorial Methodist Church from noon until 1 p. m. Friday, April 19.

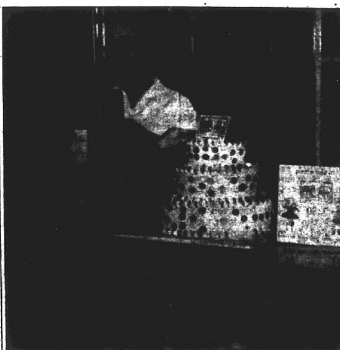

Dr. Jones is a graduate of Lombard College and attended Seminary at Yale, from which he was graduated in 1936. While in New Haven he served on the athletic coaching staff of Hopkins Grammar School. Upon graduating from the Seminary he served on the administrative staff of Lynchburg College as alumni and field secretary for two years, resigning in 1938 to accept the pastorate of Tazewell Christian Church, Tazewell, Va. From Tazewell he was called to First Christian Church, Washington, N. C. Other pastorates include those of associate at Central Woodward Christian Church in Detroit, Mich., pastor of historic Seventh Street Christian Church in Richmond, Va., and Vine Street Church in Nashville, Tenn. He was honored with a DD degree at Lynchburg College.

Dr. Jones is interested in men's work, young people's work, religious radio and writing. He is the author of several religious books, one of which, "In Their Light We Walk," is based on his world travels.

The speaker taught a course in "Preaching in the School of Religion" at Vanderbilt University in Nashville. He assumed the pastorate of Union Avenue Church on May 1, 1955.

10,278 McKinley Bridge Crossings Daily In March

Weather and construction work on Broadway are believed to be the major factors in a 318,645 traffic count on the McKinley Bridge for March. The figure exceeds the 305,905 vehicles in the 28-day month of February but is less than January's 322,398 total.

The latest monthly tabulation, which averages 10,278 a day, consists of 65,849 in the week of March 1-7, 68,795 March 8-14, 71,599 March 15-21, 76,804 March 22-28 and 35,205 March 29-31. With 3,728,215 vehicles using the bridge in the first fiscal year (315 days) of operation by the city of Venice, another 1,937,941 have crossed the Mississippi River span in the first half of the 1955-56 fiscal year for a grand total of 5,216,156 crossings.

Charles Delaloye, 92, Dies of Infirmities

Charles Delaloye, 92, of 3204 Aubrey avenue, died of general infirmities at home at 10:10 p. m. Monday. He had been ill for 13 years.

A native of Switzerland, Mr. Delaloye lived in Granite City 56 years and was employed 50 years in the open health department of Granite City Steel Co. He retired in 1939.

Surviving are two daughters, Mrs. Amelia Gailard of St. Louis and Mrs. Marceline Jung of Granite City; a son, Albert Delaloye of Granite City; nine grandchildren and 11 great-grandchildren.

Services were held at 2 p. m. Monday. Other arrangements are given in today's obituary column.

Gas Line To Be Installed Along Fehling Road

Permission was granted Illinois Power Co., subject to approval by the superintendent of streets, to excavate along Fehling road from Bradley avenue to Nameski road, a distance of 1500 feet, for installation of a gas line.

Also approved was a request from F. W. Woolworth Co. to place a boat in a parking meter space on 19th street in front of the store to display Easter flowers April 15 and 16 and also Mothers' Day flowers on May 6 and 7.

Denied by the council was a request by J. H. Jacobs of Washington Park to operate an ice cream truck in Granite City under a franchise with a national firm known as "Mister Softie." Alderman Rufus LeMaster opposed the issuance of a \$100 license pointing out that the city setting the high annual license fee last year had put out of business two young college students who had to drop out of school. He added that even though the truck might comply with the city ordinance, he did not believe the license should be approved for an out-of-town firm. The vote was 8-6 against the issuance.

No Flood Danger Here

Army General Says

There is no danger of flood in this area although the Mississippi River will reach the highest stage since 1861, Lt. Gen. Emerson C. Itchner, chief of engineers, U. S. Army Corps of Engineers, said at a press conference Monday afternoon at the Granite City Engineer Depot. General Itchner was here on a regular inspection trip of the depot prior to attending a meeting in Peoria yesterday.

Only four levees have been topped in the St. Louis district and they are all in the Elkhorn, Mo., area which is 60 miles north of here, according to Col. Charles B. Schweitzer, St. Louis district engineer, who was also at the press conference. All levees in this area are built to hold a crest of 47-52 feet and the St. Louis crest is predicted by the weather bureau to reach 37 feet on April 12, according to Gen. Itchner. This could change with a large amount of rain, he added.

Levees that have been topped near Elkhorn were privately constructed to protect farm areas but none of the army levees are in any danger. Gen. Itchner pointed out that should private levees fail to hold, the army is authorized to reconstruct them as they were before the flood without any charge to the farmers.

Over 300,000 sandbags from the engineer depot have been sent to the Quincy area to help bolster levees there where flood conditions are worse than they are here.

The highest flood of record occurred in 1844 when a crest of 41.3 was recorded at St. Louis. In 1951 it reached 40.2.

Barnes Delegate To Kiwanis Convention

The Granite City Kiwanis Club Monday night named attorney Marvin Barnes as its official delegate to the national Kiwanis Club convention in Miami Beach in June. Barnes will be accompanied by his wife.

The club, meeting at the Elks Club, also voted a \$50 contribution to the Unwired Boy Scout Council, to be used to help send Boy Scouts to the 1960 National Convention Jamboree.

Granite City park board president Barry Loman and Park Recreation Director Harold Brown were guest speakers at the meeting. Loman explained park district fund expenditures and how certain activities have been curtailed due to lack of funds for expansion projects. Brown described the youth activity programs offered by the park, and said that the recent installation of additional recreation facilities have enabled a larger number of youth to participate in the programs.

St. Peter Guild Holds Quiet Hour

A lenten quiet hour was held in the sanctuary of St. Peter Evangelical & Reformed Church Monday evening by the Evening Guild.

Mrs. Frances Knobloch was devotional chairman, and Mrs. Florence Hadaller presided at the organ. The theme for the evening was "At The Cross Roads."

The meeting opened with prayer by the chairman, and Mrs. Edna Waters, of St. Louis, sang "Ballad of the Trees and Waters." "Peace I Leave With You" was sung by the Chorale. After the closing prayer by Mrs. Knobloch, the group adjourned to Fellowship hall where a business session was conducted by the president, Miss Clara Hoelcher.

Refreshments were served to Mrs. Harriet Mercer, chairman, and members of her committee, Mrs. Ann L. Mueller, Mrs. Melva Nafziger, and Mrs. Carol Meyer.

The table decorations carried out an Easter theme and featured miniature Easter bunnies.

John Fedorchaks To Observe 50th Anniversary

Mr. and Mrs. John Fedorchak, 2504 Benton street, residents of Granite City for many years, will celebrate their golden wedding anniversary at a family dinner party Sunday at the home of their son-in-law and daughter, Mr. and Mrs. Joseph Miller, 3626 Edmund drive, Overland, Mo.

Mr. Fedorchak, 71, and his wife, 67, were married at St. Joseph's Catholic Church here and have spent all of their married life in Granite City. They have, beside the daughter, a son, William, of Rural Route One seven grandchildren and three great-grandchildren. Before retiring five years ago Mr. Fedorchak was employed by the General Steel Castings Corp.

A large affair had been tentatively planned to observe the event but due to illness on the part of Mrs. Fedorchak, plans were altered in favor of the quiet family party.

Important To Vote In School Board Election Saturday: Many Improvements In GC District

Announcement that there are 36,000 registered voters in the Quad-Cities again points up the duty of all to vote in this month's elections. This is especially important in the Granite City school board election on Saturday, for it is the largest taxing body and the only one of the three local districts where there is a contest.

Under the guidance of the school board of which Homer Huber is president and Robert Edmonds is secretary, the Granite City school system has made rapid strides toward a goal of becoming one of the best anywhere in this section of the country.

Concerted steps have been taken to place the district on a sound financial basis, and many economies have been achieved by awarding all contracts and purchases on the basis of sealed, competitive bids. At the same time, there has been a noticeable upgrading of educational facilities and the scope of the educational program. The curriculum has been broadened to cope with the world's changing social and technological requirements, and clarification of courses is enabling parents and students to chart educational plans more fully to meet individual needs and wishes.

The Press-Record feels that because of the record established by President Huber and Secretary Edmonds, the school system would benefit from having them returned to office.

The registration list is of interest because, it shows the number of prospective voters, probably 25,000 in the Granite City school district. Registration is not required for the school election itself, but will be mandatory for the county primary voting next Tuesday.

Good government is achieved by voters supporting honest, qualified candidates. The percentage of participation by voters is a direct test of their citizenship. How well will local residents rate Saturday?

Community Host To Mammoth Display Of Boy Scout Skills

The Quad-City area has not yet achieved the status of a convention city, but it is becoming the established center for the Chicago Mounds Council Scout Fair, an event expected to attract 20,000 spectators tomorrow evening and Saturday. The location last year and this year consists of school and American Legion buildings and grounds on Broadway in Venice.

About 2000 boys, including 1000 from the Quad-Cities, will display scouting skills running the gamut from wood carving to casting of metal products, from first-aid to freemasonry and from stamp collecting to spelunking. The scout fair is a mammoth undertaking that reflects credit on both the council and the host community.

Pre-Easter Services At Armenian Church

All Armenians in Granite City and the Greater St. Louis Area are invited to participate in Holy Easter services at St. Gregory the Illuminator Armenian Apostolic Church on Maple street are invited to participate in pre-Easter services beginning at 9:30, at 10:30 a.m. "Trepnatzek" services will commence at 6:30 p.m.

"Avak" Thursday, April 14, there will be "Heeshadeg Untrats" and "Vodnavah" services at 6:30 p.m. At 8 p.m. "Khavarman" services will take place. The Rev. Corun Shirian will officiate at all services.

St. Mary's Church Will Hold Pre-Easter Services

St. Mary's Catholic Church in Madison will begin pre-Easter services with the Sacred Liturgy at 10:30 a.m. Palm Sunday, Every one entering the church will be presented with a palm leaf. These will be blessed, after which the congregation will join in procession around the church in a public demonstration of loyalty to Christ. The Mass of Palm Sunday will follow and the suffering of Christ as narrated by St. Matthew will be sung by three chanters.

Tuesday a Croatian-speaking priest will hear confessions from 7 p.m. on Wednesday, three

Siberians Worried About Undignified Names Of Towns, But No Problem Here

"What's in a name?" Civic pride, according to sponsors of a current Russian campaign to improve the names of cities and villages with unfortunate titles.

The contention is that too many Soviet towns have "ugly, unharmonious and undignified" names. Pity is being expressed for the inhabitants of Bolotnaya (Swamp) and Bolshaya Gruz (Great Mud), and especially for those living at Zamaraka. Not only is it located in Siberia, but it was named after a "drunken lout" who fell off his horse there one day.

Efforts to change community names have gained little headway in the United States, because people are prone to develop an attachment and loyalty to their home town's title. Fortunately, the Quad-Cities are blessed with names that have stood the test of time and are well liked by their residents.

Madison is a melodic name, representing the local Illinois city and towns in Florida, Georgia, Indiana, Kansas, Maine, Minnesota, Nebraska, New Jersey, South Dakota and Wisconsin. Three of these states, Indiana, Nebraska and South Dakota, also join Illinois in having settlements known as Mitchell.

Venice, the name of the canal city that has reigned as "queen of the Adriatic" for many centuries, is a lyrical title that has been adopted by cities in six of the United States, including far-away Florida and California as well as Illinois.

Granite City stands alone in claiming its designation, although Oklahoma has a Granite and both Minnesota and North Carolina have towns called Granite Falls. While not as ear-pleasing as such names as Madison, Mitchell and Venice, the term Granite City connotes sturdy, dependable strength. All in all, an ideal set of names for a community located on the banks of the muddy but musical-sounding river known as Mississippi.

Successful Campaign May Lead To Expanded Concert Season

"And the night shall be filled with music," poets say. Many nights will be filled with music as a result of the successful Tri-City Community Concert Association membership campaign, happy leaders of the drive report.

With nearly 900 season tickets sold, far exceeding the 600 subscribers of last year, an unusually entertaining season can be planned, and there may be five concerts instead of the usual four.

The expanded program will reward the new members, the many volunteers who aided in enrolling them, and those who have supported the concert association throughout its eight-year history.

Can anybody explain why a citizen gives a politician a valuable gift?

Special Services At Niedringhaus Church

"The Crisis of Suffering" will be the sermon topic by Rev. Verne Barnett, minister, at the 8:30 and 10:45 a.m. services at Niedringhaus Memorial Church on Palm Sunday.

At the morning service, the youth choir will sing "Of The Glorious Body Telling" by Victoria, and at the 10:45 service the church choir will sing

"Fling Wide The Gates" from "The Crucifixion" by Stainer.

There will be a reception and baptism of the Membership class at the 10:45 service, and at 7:30 p.m. there will be cantata "The Seven Last Words of Christ," by Dubois. Soloists will be Dr. Earl Miller and Warren Simpkins. The combined choir will take part, and the music will be directed by Warren Simpkins.

Holy Week services will be held at 7:30 p.m. on Monday, Tuesday and Wednesday, with special music and a sermon each night, and on Maundy Thursday there will be Holy Communion at 7:30 p.m.

MADISON BAND STUDENTS, traveling in two buses, recently toured the facilities of the Conn Band Instruments plant at Elkhart, Ind. Arriving at the plant, where they were greeted by Conn sales analyst and tour guide

Charles Dewiller (left), are Band President Larry Ashley, Judy Wisnick, Margaret Arshart, Sheila Obermeier and band director William Ledbetter. Band members also visited Notre Dame U. on tour, funds for which were raised by car washes, candy sales and two concerts.

Architects Working On Cost For Elderly Housing Units

Negotiations with engineers and appraisers are being carried out by the Granite City Housing Authority board, whose members met Tuesday night at the housing project office and furthered plans for a 100-unit housing development for the elderly.

A site for the units has not yet been selected, but the architect firm of Gabriel & Dalgroff is proceeding with preliminary design to determine a project cost estimate. The housing board and officials of the Public Housing Administration are in the process of selecting a site from five selected locally.

Housing Executive Director David Morgan reported to the board that progress is being made with the Chicago regional office in clearing paper work necessary for the elderly housing project.

In other business, the board tentatively selected the low bid

L. HITCHCOCK CONNECTICUT MANUFACTORY of CHAIRS & Cabinet furniture

THE STORY OF HISTORIC HITCHCOCK CHAIRS

100% AUTHENTIC REPRODUCTIONS OF HISTORIC HITCHCOCK CHAIRS

Hitchcock chairs, masterpieces of workmanship admired by everyone are again being made after 150 years. From more masterpieces than this is the fact that they are being reproduced as faithfully as human skill permits—at Lambert Hitchcock's Original factory. The history of these famous chairs extends way back to 1818, when young Lambert Hitchcock, age 23, settled on the west bank of the Farmington River, close by Hartland and Colebrook. The settlement was later known as Hitchcockville in honor of its founder.

SOLD CHAIR PARTS FIRST

Here he established his factory and began making parts of chairs which he shipped in considerable quantities to cities of the north. After seven years of part-making, Hitchcock turned to chair design, concentrating the major portion of his efforts there. His products proved very popular and sold in large numbers. It is believed that he originated the outstanding Hitchcock-chair design, its basic construction varies little, having fine front legs, a well turned stretcher, a curved back accompanied by a broad, gently curved back rest, and a seat that is wider at the front than at the back. Originally, only rush seating, woven by hand, was used. Later on, cane and wooden seats were included, giving a wider variety to the styling.

HAND PAINTING, STENCILING USED

Children did the painting and finishing on these chairs. The first coat of finish they applied was a dark red. Then they put on the final coat—most often black. The system used to apply decoration consisted of dipping the fingers in oil, then in dry brass or gold powder, then rubbing them over the stencil. A brush was then used to put color over the work left by this stenciling process. Colors used to produce these designs were standard and few—softly faded gold and bronze. He kept on with this manufacturing and selling until his death in 1854. No heirs being left to carry on with the business, his factory was sold to two men who used it to manufacture pocket rulers over the next forty years.

KENNY REOPENS PLANT

This probably would have meant an end to the production of Hitchcock chairs except for the chance happening upon the scene of the old abandoned factory by John Kenny one summer day in 1946. While doing some fishing along the banks of the Farmington he saw the ancient building, took a close look at the sign which read, "In this factory Lambert Hitchcock made his famous Hitchcock chairs, 1826-1840," and then began getting ideas, which he followed up by getting all the information he could about the place and by weighing all its business possibilities. An interesting feature of the originals that has been retained is the backwards printing of the "NH" in the stencils that appears on the backs of the chairs. "L. Hitchcock, Hitchcockville, Connecticut, Warranted." Kenny had this stencil patented. All this painstaking, exacting care in production is quite necessary, for Lambert Hitchcock was called "America's most famous chairmaker" during the years his craftsmanship was being produced, and John Kenny's objective is to keep the outstanding original appearance and quality coming out of the same factory today as then.

GC Parking Meter Income \$9953 In First Quarter

Granite City's parking meter income during March totaled \$3,576, increasing the amount for the first quarter of the year to \$9,953, or slightly under the \$10,072 income during the first three months of 1958. The first quarter income in 1958 was \$9,256.

Average daily income during March was \$132.47, well above the \$127.36 average for February, when the total income was \$3,183, and the \$127.70 daily income for January when the total income was \$3,192.

Last month's revenue included

\$3,395 collected from the meters and \$181 in fines paid by violators. Similar figures for the other two months of this year are \$2,550 and \$2,533 for February and \$2,953 and \$2,339 for January.

The March total of \$3,576 compares to a total income of \$4,215 in March 1959 and \$3,336 in March 1958.

Warns Of Social Security Racket

A. Burt Harris, American Legion Fifth Division Americanism Chairman, warned today that a well-developed racket which preys on persons who are receiving Social Security benefits has been reported in the Quad-Cities area.

Harris said the racket usually takes the form of "some sort of fake claims" that the beneficiary has received too much money from Social Security and owes a refund. Operators of the racket, after making contact with the intended victim, offer to accept a refund on the spot, he said, either by offering a low settlement for prompt payment or by threats of penalty.

Harris said any such alleged claim should be taken personally to a Social Security office, in the city hall of Granite City on Fridays. The Americanism Chairman warned that the individual involved make certain that the office is that of the Social Security, since operators of the racket often establish offices with official sounding names and direct the persons allegedly owing refunds to them.

Fame is fleeting for the man who has a little success and tries to camp on it the rest of his life.

440 Traffic Accidents In Area This Year

Traffic accidents are occurring in the Quad-Cities at a rate that would produce a 1960 total of 1760, or well over the all-time high of 1657 tabulated in 1957. With 135 in January, 154 in February and 151 in March, the aggregate number thus far this year is 440. This exceeds all previous January-March figures except the 453 in 1957, when the rate then dropped slightly in the remainder of the year.

Yearly collision totals include 1025 in 1953, 1139 in 1954, 1572 in 1955, 1542 in 1956, the record 1657 in 1957, 1476 the following year and 1625 in 1959.

Also headed for a new record, but by a smaller margin, are the accident injuries occurring in Granite City, Madison, Venice, Mitchell and the adjacent highway areas.

187 Injuries
With 70 in January, 68 in February and 49 in March, injuries so far amount to 187, highest ever for a January-March period. At this rate, the injury toll would reach 748 by the end of the year, topping the record 734

The pastor, Rev. David Mac-

James Foster, 37, Rural Route One, Granite City, who died March 26, about 12 hours after suffering head injuries in a truck-auto collision on Highway 10-466 in Fairmont City.

Fatality Rate Down
The January-March 1960 statistics of 440 mishaps, 187 persons hurt and three killed compare with the following totals for the first quarter of previous years: 1959, 393-184-6; 1958, 360-114-2; 1957, 453-100-12; 1956, 385-122-6; 1955, 392-134-2; 1954, 235-104-12; and 1953, 295-115-3.

March tabulations of 151 collisions, 49 injured and one fatality reflect a higher trend only in the number of crashes.

Last year's monthly averages were 135, 61 and two, and the record monthly averages are 138, 61 and four.

SIU Design Display By Granite City Coed

Miss Fran Lissac, daughter of Mr. and Mrs. Vessel J. Lissac of 1600 Amos avenue, is one of 19 students at Southern Illinois University whose work will be part of a decorative design display in the Family Living Center of the home economics building at Carbondale for three weeks, beginning today.

The exhibits will present work done by students in decorative design and in clothing and textile classes, including linoleum block printing, silk screening, contemporary applique, decorative wall masks and stenciling, according to Dr. Helen Evans, associate professor of clothing and textiles.

131 Madison Countyans Enrolled At SIU

Madison county enrollment for Southern Illinois University's 1959 summer session is 131 students, ranking fifth among the 91 Illinois counties with students at Carbondale, it was announced today.

Madison county is topped only by Jackson with 661, Williamson with 334, Franklin with 318 and Saline with 186. The 1957 enrollment also includes students from 33 states and 22 foreign countries. Most out-of-state students are from Missouri (63), followed by Kentucky (12), Indiana (11), and Michigan (10).

City's Bills, Salaries

Total \$43,512

Bills, half-month salaries and expense allowances, approved Monday night by Granite City council members, totaled \$43,512, including a payment of \$2541 to Tom Studebaker Construction Co. and \$30 to Gabriel & Dulgeroff architects, for the new fire station.

Of the total, \$32,680 was half-month salaries of employees and officials, while the bill list totaled \$11,423. Expense allowances were \$30 for Alderman Steve Basarich, \$30 for Alderman Paul Rutledge, \$30 for Civil Defense Director George Schumacher, \$30 for Alderman Robert Gaughan and \$30 for incidental expenses for the March 30 meeting of the Council of Mayors. Payment of \$491 to City Building Inspector Earl Bloomquist and 50% of the March building permits also was approved.

Among other bills were \$1204 paid to East St. Louis & Interurban Water Co. for hydrant rental and service to municipal buildings; \$1033 to Illinois Power Co. for street lighting and electric and gas service to municipal buildings; \$3085 to the Illinois Municipal Retirement fund for social security and the city's contribution for employee retirement.

Maintenance of city motor vehicles resulted in bills totaling \$771, and gasoline, oil and kerosene cost the city \$330 for the week. The insurance premium on the city garage for April 13, 1960 to April 13, 1961, amounted to \$201 and was paid to the Gehlert Agency.

Welding Machine Catches Fire At Smith Plant

Granite City firemen from the West Granite and downtown stations answered an alarm about 4:45 p. m. Monday at the A. O. Smith Corp. auto frame manufacturing plant where a 22-kw. auto-welding machine had caught fire either due to a short circuit in wiring or a break in a hydraulic line in which oil ignited.

Firemen said the company's firefighting force had the blaze under control when they arrived. A plant spokesman said damage to the machine was minor and it was scheduled to go back into operation Tuesday afternoon. No estimate of the loss was available.

An Open Letter

TO MY FRIENDS IN MADISON COUNTY:

You will not find an ad for my re-election in this newspaper or any newspaper. That does not mean I don't want to be re-elected; I do. But I believe there is a choice in the Tuesday primary which is much more important than my own re-election.

Tuesday you and the other people of Illinois will decide whether you want to continue to let one man pick the candidates of one of the major parties in the state. That man (the mayor of Chicago) is not dishonest; the candidate he chose is not dishonest. But the process of one man choosing is not democracy. And the results of it are harmful to both political parties. I have seen the results of this kind of governmental operation in the legislature and I know we need a fundamental overhauling of our political parties in this state if our citizens are to get the kind of government they should have.

The man who is challenging the machine is Stephen A. Mitchell, the former Democratic national chairman. He has said that "picking political nominees belongs to the people, not the bosses" and he has been fighting for those beliefs. He has shown an integrity and courage which are much-needed in the governor's chair.

"But he doesn't have a chance," I'm frequently told. "You can't beat the Chicago machine and you might as well go along."

I reject that kind of reasoning for two reasons:

1) Whether he has a chance or not, every decent citizen should go along with him if he is right. You don't decide right by deciding which side will win.

2) I know enough about democracy to know that upsets happen. When I was first elected everyone said I didn't have a chance; when Dick Mudge was first elected everyone said he didn't have a chance; when Harry Truman was re-elected in 1948 everyone said he didn't have a chance. If enough people awaken themselves to the issues, Steve Mitchell can win.

I hope you will vote on Tuesday. I hope you will tell your friends to ask for a Democratic ballot and vote for Steve Mitchell. If enough people do this, the result will be better government in Illinois.

I look forward to hearing from you—on April 12th.

Sincerely,

PAUL SIMON

Your State Representative

Madison Opens Season In 3-2 Win Over Dupo

Ken Griggs' strong throw from left field cut down Dupo's Charles Wolfe as he attempted to score what would have been the tying run in a Midwestern Conference baseball contest in Madison Monday, and the Trojans hung on to defeat the Tigers 3-2 in their season opener.

The Trojans had only five hits in handling Paul Taylor's athletes their third successive setback, but two of them were for extra bases and four of the five played a part in the three runs scored by Francis Dan's crew.

Sophomore Right-handed Cal Jackson pitched three-hit ball for the Trojans but got into trouble with one man down in the sixth inning, and was bailed out by Sam Georgeff and Griggs' perfect throw. Doug Edwards went all the way for Dupo, taking his second loss to go with no wins.

Score Two In Fourth

Madison picked up two runs in the fourth inning. First-baseman Frank Hied opened the frame with a single. Georgeff, who started the game at third, doubled over the center-fielder's head, sending Hied to third. From where he scored on catcher Roy Koberna's fielder's choice.

Edwards then attempted to pick off Georgeff at third, but the throw skipped off the third baseman's glove for an error and Georgeff scored.

The deciding run came in the sixth when Koberna let off with a single and took second on Terry Datto's bouncer back to the mound. Jerry Gradenoff, starting his first varsity game in right field, delivered a run-scoring double, with Koberna crossing

Granite City Tennis Squad Opens Season With 4-1 Win

Granite City's tennis squad opened 1960 play Monday afternoon with a 4-1 win over Vandana at the Wilson Park courts. The match was scheduled over the weekend.

The Warriors had little trouble in the singles but had to fight to gain a split in the doubles. The match was played in a chilly north wind and brief rain showers.

In the singles, Captain David Moss defeated Tom Cooze easily in two sets, 6-2 and 6-2. Ron Criley also had an easy time, defeating Charlie Leslie 6-1, 6-2 and Keith Veizer defeated Mike Brannon 6-2, 6-0.

In the doubles, Captain David Moss and Gary Wiseman had to go three sets before edging Bill Clark and Ron Toler 6-4, 6-3, 6-3.

Max Prusak and Virgil Kirsey lost in straight sets to Vandana's Gary Towler and Bud Skidmore by identical 4-6 scores.

The Warriors will open competition play in a home match against Collinville this afternoon.

WARRIOR TENNIS CAPTAIN David Moss, shown serving, has lost only one dual meet in two years of competition prior to this season. He has won 21 matches and has been district champion for two years in a row.

Lincoln Baseball Team Will Open Season April 12; Five Lettermen

Faced with pitching and hitting weakness, Coach Stan Lynch's Lincoln of Venice baseball team will open the current season Tuesday, April 12, with a home game against Lincoln of East St. Louis at 3:30 p.m.

Only five lettermen are among the 23 boys out for baseball this year and none are pitchers. Greatly missed from last year will be Robert Felton, who led the team in hitting two years in a row. Felton is over-age and ineligible to play in Illinois, but Lynch is thinking about playing him in four games with Missouri schools.

Eugene Cox and Robert Chavis are the top pitching prospects and Lettermen Earl Crawford and Robert Foster are figured to do the most hitting, with the possible support of a non-letterman, Thomas Hall.

The other lettermen are Robert Davis, Ed Brawley and Cliff Hoskins.

Lynch may schedule more games, depending on how his pitchers develop. Presently he plans to space the games to give his players plenty of rest between contests. The squad finished 2-3 last year, with several games rained out.

The schedule:

April 12, Lincoln of East St. Louis here, 3:30 p.m.
April 21, at Lincoln of East St. Louis, 4 p.m.
April 26, Kinloch, Mo. here, 3:30 p.m.
April 29, at St. Paul of Highland, 4 p.m.
May 6, at Kinloch, Mo. 4 p.m.
May 10, at Summer of St. Louis, 4 p.m.
May 12, St. Paul of Highland, here, 3:30 p.m.
May 16, Summer of St. Louis here, 3:30 p.m.

World's Women Softball Champs To Play Here July 21

The Raybestos Brakettes of Stratford, Conn., women's softball champions for the past two years, will play an exhibition game against the St. Louis Blues at the Wilson Park softball layout on Thursday, July 21.

Harold Brown, park recreation director said today.

Brown said the game will be the second contest in a double-header on that date and will be preceded by a men's all-star game.

The Blues, who have appeared in Granite City before in exhibition games, finished in a tie for 11th place in the world tournament last year. The team is managed by Jean Doitano.

The Brakettes had an overall record of 52 wins and five losses in 1959 and were led by pitcher Bertha Ragan, a strikeout artist who yielded one unearned run in 45½ innings of play in the world tourney and compiled a 24-0 record.

The women champions, managed by Vin Cullen, will play an exhibition game in St. Louis the evening previous to their appearance here.

Granite City Tennis Squad Opens Season With 4-1 Win

Granite City's tennis squad opened 1960 play Monday afternoon with a 4-1 win over Vandana at the Wilson Park courts. The match was scheduled over the weekend.

The Warriors had little trouble in the singles but had to fight to gain a split in the doubles. The match was played in a chilly north wind and brief rain showers.

In the singles, Captain David Moss defeated Tom Cooze easily in two sets, 6-2 and 6-2. Ron Criley also had an easy time, defeating Charlie Leslie 6-1, 6-2 and Keith Veizer defeated Mike Brannon 6-2, 6-0.

In the doubles, Captain David Moss and Gary Wiseman had to go three sets before edging Bill Clark and Ron Toler 6-4, 6-3, 6-3.

Max Prusak and Virgil Kirsey lost in straight sets to Vandana's Gary Towler and Bud Skidmore by identical 4-6 scores.

The Warriors will open competition play in a home match against Collinville this afternoon.

WARRIOR TENNIS CAPTAIN David Moss, shown serving, has lost only one dual meet in two years of competition prior to this season. He has won 21 matches and has been district champion for two years in a row.

Lincoln Baseball Team Will Open Season April 12; Five Lettermen

Faced with pitching and hitting weakness, Coach Stan Lynch's Lincoln of Venice baseball team will open the current season Tuesday, April 12, with a home game against Lincoln of East St. Louis at 3:30 p.m.

Only five lettermen are among the 23 boys out for baseball this year and none are pitchers. Greatly missed from last year will be Robert Felton, who led the team in hitting two years in a row. Felton is over-age and ineligible to play in Illinois, but Lynch is thinking about playing him in four games with Missouri schools.

Eugene Cox and Robert Chavis are the top pitching prospects and Lettermen Earl Crawford and Robert Foster are figured to do the most hitting, with the possible support of a non-letterman, Thomas Hall.

The other lettermen are Robert Davis, Ed Brawley and Cliff Hoskins.

Lynch may schedule more games, depending on how his pitchers develop. Presently he plans to space the games to give his players plenty of rest between contests. The squad finished 2-3 last year, with several games rained out.

The schedule:

April 12, Lincoln of East St. Louis here, 3:30 p.m.
April 21, at Lincoln of East St. Louis, 4 p.m.
April 26, Kinloch, Mo. here, 3:30 p.m.
April 29, at St. Paul of Highland, 4 p.m.
May 6, at Kinloch, Mo. 4 p.m.
May 10, at Summer of St. Louis, 4 p.m.
May 12, St. Paul of Highland, here, 3:30 p.m.
May 16, Summer of St. Louis here, 3:30 p.m.

World's Women Softball Champs To Play Here July 21

The Raybestos Brakettes of Stratford, Conn., women's softball champions for the past two years, will play an exhibition game against the St. Louis Blues at the Wilson Park softball layout on Thursday, July 21.

Harold Brown, park recreation director said today.

Brown said the game will be the second contest in a double-header on that date and will be preceded by a men's all-star game.

The Blues, who have appeared in Granite City before in exhibition games, finished in a tie for 11th place in the world tournament last year. The team is managed by Jean Doitano.

The Brakettes had an overall record of 52 wins and five losses in 1959 and were led by pitcher Bertha Ragan, a strikeout artist who yielded one unearned run in 45½ innings of play in the world tourney and compiled a 24-0 record.

The women champions, managed by Vin Cullen, will play an exhibition game in St. Louis the evening previous to their appearance here.

Warriors Down Belleville Cathedral 5-3; Open Home Season At 4 p.m. Today

Granite City's baseball team will open its home season at 4 p.m. today against Freeburg on Diamond No. 1 behind Niedringhaus school. The junior varsity also will meet Freeburg JV's on the second diamond at the same time.

The Warriors worked mostly on hitting during practice this week, since Coach Joe Fedora was unhappy about their performance in Monday's 5-3 win over Belleville Cathedral at Belleville.

"Although a few hitters are doing well, the overall performance is not what I feel it should be," Fedora said. "In the first inning, we had the bases loaded and no outs and could only score one run, that coming on an error."

"Trailing 2-1 after two innings, the Warriors went ahead to stay in the top of the third when Bob Price hit a home run over the

Pinball License For St. Louis Firm Still Pending

Delay in issuance of a pinball distributor license to a St. Louis corporation was questioned Monday night by Alderman Ertill Von Schmittou, who said he had been told the city attorney "was sitting on it."

Before any explanation was offered, Schmittou criticized the city attorney for not presenting the application to the council. City Atty. William Beatty said he had not yet received a reply from the firm, Central Distributors, Inc., St. Louis, to his letter asking for the names of all individuals holding 5% or more stock in the firm, as required by city ordinance, and that when it is received, he will follow the council's instructions and present the information.

GC Rotary Told How C. of C. Functions

What a Chamber of Commerce is and how it operates were described to the Granite City Rotary Club at its weekly noon luncheon meeting Tuesday by Mayor Harlan Dobry, secretary of the local C. of C. and new member of the Rotary Club.

He defined the C. of C. as a group of business and professional men banded together to improve conditions under which an entire community lives, works and grows.

Beatty said a number of committees, Dobry said the local Chamber also has a number of special project groups, including those working on new industries, sewers and sanitation, retail problems, legislation, education, aviation, planning and zoning, Horseshoe Lake recreation development, and the ABC's of practical politics.

"All of these men are serving voluntarily and unselfishly, gaining a great deal of personal satisfaction and pride in the knowledge that they are helping everyone in this community," he pointed out.

Mark Robbins, program chairman, introduced Dobry, who came to the Quad-Cities about two months ago from the Green Bay, Wis., Chamber of Commerce.

President E. L. Ackerman reminded Rotarians that the next meeting will be the annual Maundy Thursday joint session with other community clubs at the First Presbyterian Church.

Father Of James Parker Dies In Seattle

Funeral services were held Tuesday in Seattle, Wash., for the father of James E. Parker of Granite City, Ill. Gerald Scott Parker, 88, of Seattle, who died there of infarctus Saturday morning.

Born in Michigan, Mr. Parker lived most of his life in Iowa where he was a superintendent of a cement company until his retirement 12 years ago. He moved to Seattle a year ago.

Also surviving is his wife, Mrs. Mildred M. Parker; another son, a daughter, 12 grandchildren and nine great-grandchildren. Interment was in Washington Memorial Cemetery in Seattle.

121 City Workers To Receive \$25 Pay Hike May 1

Automatic \$25 monthly pay increases for 121 of the city's employees will be added to pay checks starting May 1. The pay boost, included in last year's two-year contract, will cost the city an added \$3025 a month or \$36,300 a year.

The city's monthly payroll has been averaging about \$65,000 a month, and the new increase will go to all employees—police, firemen, street and sanitation department workers and department heads. Excluded are some city hall office workers who were not given \$25 monthly increases last year.

BEN F. STATEN

AS CORONER OF MADISON COUNTY

A FUNERAL DIRECTOR for CORONER—AS IT SHOULD BE!
A FUNERAL DIRECTOR is the most ideal individual for the office of CORONER.

Few men are better qualified to administer the duties of a CORONER than a FUNERAL DIRECTOR-CORONER.

In the entire United States, over one-third of the CORONERS are FUNERAL DIRECTORS—less than one per cent are Doctors.

Deaths referred to the office of CORONER for investigation can be classified into four groups: (1) those resulting from natural causes, (2) those caused by homicide, (3) those caused by suicide, (4) those caused by accident.

A FUNERAL DIRECTOR is qualified to investigate these causes.

A FUNERAL DIRECTOR has the facilities and the equipment necessary to take charge of a CORONER'S Case. The position of COUNTY CORONER is a very important one, as this County Officer is the FIRST public official to be called in case of violent death, such as murder, accident, suicide, drowning or felonious assault. Therefore, it takes great tact, fairness and impartiality upon the part of your CORONER to properly administer such unfortunate incidents; and these may occur in any family.

Your vote will be greatly appreciated and you may rest assured when elected, I will do everything in my power to administer the office in an honorable and

impartial manner regardless of party, creed, color or economic status.

A Doctor for Coroner—WHY?
His Deputy Coroners are FUNERAL DIRECTORS—FUNERAL DIRECTORS perform the work—
The Coroner is a duly elected county official who is not required by statute to be a physician.

Some people would have you believe that a doctor, simply because of his profession, is better qualified for the office of Coroner. THIS IS NOT TRUE. According to law, there are no requirements for Coroner—his duties are to determine the cause of death, maintain records and files, and account for all funds entrusted to him.

A funeral director, although not a doctor, is just as well qualified to determine the cause of death as someone engaged in medical practice. The cause of a violent death is generally self-evident . . . cause of natural death is normally attested to by the attending physician. However, if no physician is in attendance, and if there is a question as to the cause of death, a pathologist is the only member of the medical profession qualified and permitted to perform an autopsy. My opponent is NOT a pathologist.

A Doctor having special training in pathology is qualified to administer the duties of a Coroner.

Elect a FUNERAL DIRECTOR for Coroner of Madison County. Eliminate a waste of time and money in the office of Coroner.

\$12,635 Venice Fire Damage So Far This Year

Fire loss increased in Venice during the first quarter of 1960, reaching \$12,635 on \$7415 damage to property and \$5220 loss of contents, Fire Chief Michael Leathersman, Jr. has announced. The per capita loss was \$2.04.

The 38 calls answered between Jan. 1 and April 1 included 24 dwellings (eight), unoccupied houses on Kerr Island, two sheds or garages, four grass fires, three fires or stoves, two autos or trucks, one factory, one railroad and one out-of-town.

An average of over ten firemen responded to the alarms.

The total value of buildings involved in fires included \$80,150 property and \$26,700 furnishings. Insured value was \$21,500 for buildings and \$10,000 for contents.

While Leathersman listed additional fire damage for a similar period last year, Mayor John E. Lee has raised the department for its warrant for limiting damage to buildings adjacent to a store fire in North Venice. He said the department easily could have been destroyed in the blaze.

Several Venice firemen have attended sessions of a fire school underway in Madison, and members of the department will witness firefighting demonstrations at the Scott Air Force Base May 8. The Venice department will conduct a demonstration at Madison County Firemen's Association school in Alton May 15.

\$19,650 Low Bid To Remove Washington Avenue Tracks

A low bid of \$19,650 by A. H. Seebold Co. for removal of abandoned street cars tracks along Washington avenue from 24th street to Jordan avenue and paying the area was accepted Monday night by Granite City council members.

The motor fuel tax fund contract is subject to final acceptance by the state highway department. Other bidders were C. H. Sternberg & Co., \$20,570, and General Contracting Co., \$25,550.

Approved by council members was a resolution awarding a contract to R. Dron Electrical Co. for installation of electric traffic signals at 27th street and Madison avenue. The signals are to be actuated by train cars along 27th street and also will have pedestrian controls.

The Dron firm was the lone bidder in the amount of \$10,939, slightly over the engineer's \$10,000 estimate. The city will pay the costs from its parking meter reserve.

At the request of Alderman Charles Meyer, the Street and Alley Committee and city engineer are to meet to determine the advisability of widening 27th street from Madison avenue to the alleyway between Madison and Grand avenues and submit a recommendation to the council with a cost estimate.

During earlier discussions, the city brought out that buses making right turns off Madison avenue onto 27th street are often forced to run over the curb. Meyer suggested the work be completed before installation of the lights is started.

Bids are to be sought for construction of a sidewalk along the west side of West 25th street from Ohio to Missouri avenue to serve the Logan grade school and new junior high school to open next September. Alderman Donald Partney said the city engineer estimated the sidewalk to cost \$800 to \$950.

Engineer Ad Kraemer reported to the council that cost of widening the St. Clair avenue bridge would be higher than the bid because of the recent discovery of a concrete spillway underfoot of dirt. The engineer said he would keep a close watch over the removal and replacement of the spillway during the installation of the 108-inch concrete culverts.

NEWS RELEASE

St. Louis, Mo., 30 March 1960—in accordance with a standard procedure of long standing, the District Engineer, U. S. Army Engineer District, St. Louis, is holding annual meetings with commissioners of the several levee and drainage districts along the Mississippi and Illinois Rivers for the purpose of discussing maintenance. The meetings are being conducted by Lt. Col. Russell J. Wilson, Deputy District Engineer.

Prior to the meetings each year, Corps of Engineers representatives make detailed physical checks of the flood protection works to determine that they are in a good state of repair and capable of withstanding the high waters which usually occur in the spring.

The last of these meetings will be held in East St. Louis on the 31st of March, at 10:00 a.m., in the Union Electric Company's Home Economics Building, at 500 East Broadway. All levee districts from Alton to Chester on the Mississippi River, and all districts on the Kaskaskia River between Shelbyville and the mouth, are expected to be represented at this meeting.

Colonel Charles B. Schweizer, District Engineer, commented the maintenance practices employed during the past year which makes it possible to award an adjective rating of "Excellent" to the East Side Levee and Sanitary District; the Heimann Drainage and Levee District; the Columbia Drainage and Levee District No. 3; the Fish Lake Levee and Sanitary District; and the Wood River Drainage and Levee District. Colonel Schweizer pointed out that in order to attain this high rating, commissioners must have shown a development commensurate with requirements for safety to the people and their industries, and they must be able to furnish evidence based upon the inspection that the state of repair and maintenance is worthy of the top rating.

Colonel Schweizer said that the East Side Levee and Sanitary District which received its fifth consecutive award of "Excellent" this year, has a great responsibility in that their District probably has the greatest industrial development in the country which is protected by a levee system. The effectiveness of their maintenance is revealed in the fact that the flood protection works have never been breached or overtopped. He paid tribute to all of the recipients of the "Excellent" rating, and made special recognition to Mr. Dan E. Costello, President of the Board of Trustees of the East Side Levee and Sanitary District, and to Mr. Earl Whitlock, Engineer, who made arrangements in East St. Louis for the annual meeting.

Parents, Teachers Invited Film Lecture On Childhood Development And Problems

Dr. Paul Palmer, well-known St. Louis child psychologist who is on the staff at Washington University and at St. Louis Children's Hospital, together with Dr. Benjamin B. Berman of this city, will conduct a question and answer period following the showing of three films on child development and problems Tuesday night at the Granite City high school auditorium.

The announcement was made today by Harry Wood, president of the Area Council of PTA's, the organization sponsoring the showing of the three films. Wood urged all PTA members and interested parents to attend the program, which begins at 7:30 p. m., and was arranged by Dr. Berman.

"This film lecture has something for all age groups," Wood said. "Parents are urged to attend even though they may not have problems, because it will help them to understand the various phases that a child goes through in reaching maturity."

First of the three films is entitled "Meeting Emotional Needs in Childhood." It shows that adults are the product of their total childhood experiences, and that emotional patterns established during the early years will usually persist through later life.

It describes the role teachers as well as parents can take in

meeting the emotional needs of the child, which exist both at home and in the classroom. The film shows that the child is first exposed in great degree to the presence and actions of persons his own age in the classroom.

The second film, "Six, Seven and Eight-Year-Olds—Society of Children," delves further into the association among children. Explained are the middle years of childhood, "a world with its own concerns, its own rules and traditions which have been passed on through generations of older children to younger children."

The final film deals with the rituals of childhood games are closely allied to the school age child's superstitions, and that the ordinary problems which present themselves each day, and is entitled "Overdependence."

When a physical examination shows no organic disease which could have been responsible for the individual's begging off "sick" when responsibilities were too much for him to face, the subject's childhood is explored in the film, and the reasons for his overdependence discovered.

Primary Election Topic
Of Toastmaster Speech
"Why You Should Vote In The Primary" was the title of a speech given by Charles Young to 25 members and guests at the Granite City Toastmasters Club meeting Monday night at Cline's restaurant.

Young, who won the award of the week for his speech, said that people have no right to complain about the lack of quality of aspirants in elections if they fail to take part in selecting the candidates in the primary.

Because of "ladies night" three instead of two speeches were presented. The other speakers were Donald Kopp, "My Vacation Trip," and Dr. Claude Hiles, "The Power of Positive Thinking."

Donald Trilling was toastmaster of the evening, and best critic was Earl Lee. Jack Peterson will be invited to be grammarian.

Al Smith was a newboy in daytime and worked in his mother's candy store at night.

Final GCIS Band Concert Tonight

The final band concert of the season at Granite City high school will take place at 8 o'clock tonight in the school auditorium.

Guest performers in the initial phase of the program will be the Granite City high school musicians, directed by Robert D. Todoroff. They will play Luigi's "Ballet Egyptian," Chabrier's "España Rhapsody," Shaw's "Third Street Rumba," Keller's "Trombones Triumphant" and "Peter Gunn's Theme" by Mancini.

The high school band, directed by Louis E. Meek, will present "Dry Bones" by Paul Yoder, "Monstrous Regiment" by Verdi, "Begone For Good" by Glenn Osner, Don Gillis' "Tulsa," the Oaser Movement from the "New World Symphony," Sousa's "Stars and Stripes Forever March," "Inglesina" and Noel Coward's "I'll See You Again." A bake sale will be held in conjunction with the concert.

State Board To Be Present

C. of C. Industrial Development Banquet Here April 21

An industrial development banquet to honor the 15-member advisory board of the State Division of Industrial Planning and Development, will be held in Granite City at 7 p. m. April 21, under the sponsorship of the Tri-Cities Chamber of Commerce.

Samuel Meyer, C. of C. president, said during Tuesday's board meeting that W. F. Hoelcher, member of the state commission and chairman of the C. of C. Industrial Development Committee, is arranging the program.

The state advisory board is scheduled to tour local industries and prospective industrial sites during the day, and the members will be guests of honor at the banquet to be held at St. Peter Evangelical & Reformed Church. Reservations may be made at the C. of C. office.

Guest speaker will be Dr. Harold W. See, vice-president of Southern Illinois University, whose topic will be "Design for the Future." While here, the state advisory board is to conduct a quarterly meeting.

Two new members, Al Gehlert of the Gehlert Agency, and Robert L. Reeves of Reeves Shell service station, were welcomed to the C. of C. and a two-day membership drive by the Keystone Klub, headed by John Sedlack, was announced to be held May 17 and 18 with a final report breakfast scheduled for May 19.

Participating in the membership drive will be 15 teams, and

the majors named to select team captains were Ralph Morris, Gene H. Sternberg and B. C. "Tip" O'Neill.

A nine-session course in practical politics is to be made available to business and professional people in the near future, with John McBride, vice-president and general manager of Union Star & Refining Co. in charge of arrangements. The course is to be conducted in two-hour sessions on a non-partisan basis to teach the "ABC's of Practical Politics."

Committee reports were presented by the following:

Donald Partney on a meeting of the Transportation Committee and officials of the city of Venice and state highway department on a Venice routing for proposed Federal Route 151.

expert, Miss Cathryn Elwood, and allergy specialist Dr. Theron Randolph will be principal speakers.

The convention will be open to the public and will feature many natural food exhibits, luncheons serving natural and organic foods. Erwin Wein of Edwardsville is a state director for southern Illinois.

The meeting will be held in a skating rink in Belleville.

Charley Conery of the New York Giants ranks third in passing history of the National Football League with 1,308 completions and 158 touchdown passes.

\$60,000 Asked For More Hillside Drainage Study

Cong. Melvin Price appeared before the House Appropriations Committee's public works subcommittee, asking inclusion of \$60,000 in a public works appropriation bill to continue hillside drainage studies here.

The fund would enable the East Side Levee and Sanitary district to continue its study of hillside drainage in the 1961 fiscal year.

Price also requested \$20,000 for a flood control survey for

\$80,100 Levy Adopted In Venice Township

An \$80,100 tax levy for the general assistance fund was adopted at the annual Venice town meeting Tuesday afternoon at the Venice city hall. There were 16 persons in attendance, mostly city and township officials and employees.

Although the levy is up \$9621 from last year, it will remain at one mill of the assessed valuation, or a ten-cent tax rate, Town Attorney G. Edmond Cook said.

The levy was raised to assure a tax of at least one mill, necessary in order to receive state aid, he added. Last year's levy was \$70,478 and \$68,700 was extended, Cook said.

\$102,000 State Aid

The township expects \$102,000 in state aid this year, and the estimated extension on this

year's levy is \$70,000, the attorney said.

The electors adopted a budget of \$192,100 for general assistance and \$32,201 for the town fund. Estimated receipts total \$165,501 in the general assistance fund and \$32,537 in the town fund, the latter being the balance left over from the last year.

There was no tax levy in the town fund last year, nor was one adopted this year.

No changes were made in the proposed budget, on which a public hearing was held March 29. The fiscal year started then and will end March 27, 1961.

Cook was reappointed by the electors as town attorney and was designated to prepare the budget for the fiscal year starting March 27, 1961 and ending on the Monday preceding the last Tuesday of March 1962.

Annual financial reports of the town fund, general assistance fund and highway commissioner were read and approved.

Approve Salaries

The electors approved salaries of \$1,500 for the town attorney, \$1,200 for the town clerk, \$600 for the supervisor of the town fund, \$360 for the supervisor of general assistance, \$2,000 for the highway commissioner and \$10 a meeting for town board members.

All salaries and reports were the same as given at the public hearing, and the salaries are the same as last year.

William Boerskel was elected as moderator of the meeting, which lasted 40 minutes.

NOTICES

AN EXTRA 10% Discount FOR TRI-CITIES ECONOMY CAR OWNERS
Owners of economy cars in Tri-Cities now qualify for an extra 10 per cent discount on insurance premiums. BOB ROLAND of the RAIR FORD AGENCY announced today.

The special discount, offered by the SAFECO Insurance Company of America, applies to American and foreign compact cars, according to Bob Roland, new Ford FALCON, Chevrolet CORVAIR, Chrysler LARK and many models of AMERICAN MOTORS RAMBLERS. Most models of the VOLKSWAGEN, English FORD, FIAT, FIAT, SIMCA, OLPEL and certain other makes are also listed.

The rate reduction will apply on body injury, property damage, collision and medical payments coverages for private passenger automobiles in certain size, weight, horsepower and price categories. Bob Roland commented:

"SAFECO, by writing 'preferred risk' auto insurance on a selective basis only, has consistently used money for careful drivers of all types of cars."

SAFECO also offers a 25 per cent discount for a second car in a family; this reduction applies to standard size automobiles as well.

"This insurance for economy cars is further evidence of SAFECO's constant efforts to offer fine coverage at a lower cost. But the fact is that insurance companies and small cars are easier to lose expensive to repair and repair, insurance claim costs are lower."

For small car owners who are careful drivers deserve this extra 10 per cent cash saving."
